Baltimore in the Civil War Harry A. Ezzratty, 2021-02-22 On April 19 1861 the first blood of the Civil War was spilled in the streets of Baltimore En route to Camden Station Union forces were confronted by angry Southern sympathizers and at Pratt Street the crowd rushed the troops who responded with lethal volleys Four soldiers and twelve Baltimoreans were left dead Marylanders unsuccessfully attempted to further cut ties with the North by sabotaging roads bridges and telegraph lines In response to the Battle of Baltimore Lincoln declared martial law and withheld habeas corpus in much of the state Author Harry Ezzratty skillfully narrates the events of that day and their

The Photographer and the President

Richard Lowry, 2015-05-26 A new angle on Lincoln and his legacy exploring the rich and suggestive dialogue between art image and politics at the time of the Civil War. Abraham Lincoln was one of the most photographed figures of his century. Richard Lowry explores Lincoln's association with Alexander Gardner, the man who would create the most memorable and ultimately iconic images of the president both in his studio and on the battlefields of the Civil War. Lowry's book is an accessible and lively narrative of this symbiotic relationship and an examination of the emerging role of the media at a moment of national transformation. Lincoln was an early adopter of photographic technology and visionary in how he used it, as FDR was with radio, JFK with television, and Obama with the internet. By highlighting this very modern aspect of such a storied presidency, Lowry opens a new door on Lincoln's relationship to politics and celebrity just as the mass culture of the image was taking root in America.
