Macroeconomics Rudiger Dornbusch,Stanley Fischer,1990 Dornbusch Fischer and Startz Macroeconomics has been a leading intermediate macroeconomic theory text since its introduction in 1978 This revision retains most of the texts traditional features including a middle of the road approach and very current research while updating and simplifying the exposition The text is now even easier to teach from The only prerequisite continues to be principles of economics

Macroeconomics Robert B. Ekelund, Jr.,1999-12 Acclaimed for its lucid presentation of basic macroeconomic principles and rich array of real world applications the sixth edition of this classic text brings macroeconomics to life for students with its compelling public choice approach The authors focus stretches beyond the theories of how ideal markets work to the actual arena of political decision making interest group influence and government policies **Macroeconomics** Roger A. Arnold,1997 A complete introduction to basic principles of macroeconomics for the one term macro half of the Principles of Economics sequence Balanced presentation of major macro theories thorough integration of international topics a unique active learning format a wealth of interesting real world applications and a focus on the economic way of thinking are presented in an interesting and upbeat style so students can understand and appreciate the material Fully integrated Internet features offer hands on exercises exploring economics on line Outstanding exhibits and graphs strategically use color and cause effect diagrams for maximum student accessibility and understanding A remarkably student friendly text with solid theoretical content **Macroeconomics** Errol D'Souza,2009-05 Errol D Souza s Macroeconomics helps students realize the connections between theoretical frameworks and the actual behaviour of the economy enables instructors to teach macroeconomics concepts within the context of both the Indian and global economy and provides policymakers with material from current research in macroeconomics The focus of the book rests on the analysis of macroeconomic thought in

terms of the intuition and underlying logic that forms its basis This book has been designed to help readers think independently about real world situations by helping them master the basic technical tools that enable them to do this At a conceptual level the book focuses on the most current and relevant issues while also understanding the fluidity of the subject

British Books in Print, 1985 **Macroeconomics, fifth edition** Robert J. Barro, 1997-10-20 Robert Barro s

Macroeconomics has become the classic textbook presentation of the equilibrium approach to macroeconomics In its first four editions this book has shown undergraduates how market clearing models with strong microeconomic foundations can be used to understand real world phenomena and to evaluate alternative macroeconomic policies Moreover a single unified framework works as well for short term business fluctuation as for long term economic growth This latest edition includes the most recent theoretical and empirical developments in economic growth recent evidence on the macroeconomics of labor markets and public finance and up to date results on the interplay between nominal and real variables *NBER*

Macroeconomics Annual 2014 Jonathan A. Parker, Michael Woodford, 2015-06-02 The twenty ninth edition of the NBER Macroeconomics Annual continues its tradition of featuring theoretical and empirical research on central issues in contemporary macroeconomics Two papers in this year s issue deal with recent economic performance one analyzes the evolution of aggregate productivity before during and after the Great Recession and the other characterizes the factors that have contributed to slow economic growth following the Great Recession Another pair of papers tackles the role of information in business cycles Other contributions address how assumptions about sluggish nominal price adjustment affect the consequences of different monetary policy rules and the role of business cycles in the long run decline in the share of employment in middle wage jobs The final chapter discusses the advantages and disadvantages of the elimination of physical currency *Forthcoming Books* Rose Arny, 1997-04
