Todd,2024-07-30 Although Che Guevara was murdered almost sixty years ago the famous red and black image of him is still widely seen around the world at leftist political demonstrations and ironically given his strong opposition to capitalism on many commercial products However he was a controversial figure during his lifetime and remains so today On both the political left and the political right attitudes to him vary widely while some see him as a romantic highly principled and legendary fighter for the world s poor and exploited masses others depict him either as an unrealistic and thus irrelevant adventurer or even as a ruthless and cold blooded butcher Consequently biographies about him over the decades have ranged from the overly sympathetic to the extremely hostile As well as covering aspects of his family life and his loves and his early sometimes less than revolutionary attitudes this biography as expected deals with those areas for which Che is best known These include his adventurous explorations as a young man on a motorbike of Latin and Central America his leadership and bravery during Cuba s Revolutionary War his practical and theoretical contributions to the conduct of guerrilla warfare and his emergence as an international revolutionary legend who inspired radical young people in the 1960s and who continues to inspire rebellious people around the world today However this biography also explores other aspects of Che s life which are not so well known From an early age he developed a keen love of reading covering an eclectic mix of adventure stories poetry history and philosophy and from his teens he began a lifetime habit of making notes on what he read He also became a strong chess player able enough to draw with one of the world s leading grandmasters Even during guerrilla campaigns he managed to maintain those loves Since his murder he has emerged as an original contributor to Marxist economics and philosophy It was his wide ranging studies that led him to become an outspoken opponent of the orthodox communism followed in the Soviet Union and of its Cold War foreign policy of peaceful coexistence His tolerance of and willingness to work with those having different views saw him accused of Maoism and even Trotskyism More accurately Che has bequeathed the unique strand of revolutionary socialism known as Guevarism Che's Travels Paulo
