Trials and Triumphs of Golf's Greatest Champions Lyle Slovic, 2016-05-19 Golf can be a vexing and cruel game and teaches us much about ourselves It has been described as a contest calling for courage skill strategy and self control It is a test of temper a trial of honor a revealer of character In the end as with most of life success hinges on the character and spirit we possess But how would our tempers be tested if we suffered a career threatening injury from a near fatal car accident as Ben Hogan did in the prime of his life How would our honor be preserved if we faced constant derision and racism both on and off the golf course as Charlie Sifford encountered his entire career How would our character be revealed if cancer robbed us of the ability to play the game we loved as it did to Babe Didrikson Zaharias Would we give in to self pity or persevere and keep going In Trials and Triumphs of Golf s Greatest

Champions A Legacy of Hope Lyle Slovic has pulled together the inspirational stories of six golfers and a caddy whose strength of character sustained them against the physical and emotional trials that threatened both their careers and lives In an era when many athletes have lost their luster as role models the people in this book Harry Vardon Bobby Jones Ben Hogan Babe Didrikson Zaharias Charlie Sifford Ken Venturi and Bruce Edwards offer lessons in perseverance dignity humility and faith Slovic tells each of their stories with rich detail including the childhoods that shaped their characters their rise in the world of professional golf the crises they faced in their lives their struggles to keep doing what they loved and their refusal to give up They had their flaws to be sure But when faced with a true test of will all showed a strength that inspired those around them The first book to gather the stories of these golfers into a single volume Trials and Triumphs of Golf s Greatest Champions offers a unique blend of characters who shared the same love for a game that gave them the courage and fortitude they needed to face whatever life threw their way This book will not only interest golfers and fans of the game it will also inspire those who have suffered their own personal setbacks and show them they are not alone in their trials Sports around the World John Nauright,2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world it also details how and why sports are played wherever they exist and examines key charismatic athletes from around the world who have transcended their sports Sports Around the World History Culture and Practice provides a unique global overview of sports and sports cultures Unlike most works of this type this book provides both essays that examine general topics such as globalization and sport international relations and sport and tourism and sport as well as essays on sports history culture and practice in world regions for example Latin America and the Caribbean the Middle East and North Africa Europe and Oceania in order to provide a more global perspective These essays are followed by entries on specific sports world athletes stadiums and arenas famous games and matches and major controversies Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world The fourth volume provides a compendium of information on the winners of major sporting competitions from around the world Readers will gain invaluable insights into how sports have been enjoyed throughout all of human culture and more fully comprehend their cultural contexts The entries provide suggestions for further reading on each topic helpful to general readers students with school projects university students and academics alike Additionally the four volume Sports Around the World spotlights key charismatic athletes who have changed a sport or become more than just an outstanding player **The Publishers Weekly** ,2010 **Super Bowl Monday** Adam Lazarus,2011-08-16 Super Bowl Monday is a thorough retelling of Super Bowl XXV the epic January 1991 showdown between the New York Giants and the Buffalo Bills Great characters and a gripping finish to the closest episode in Super Bowl history made for a wonderful conclusion to the game s Silver Anniversary But what establishes that day as a special moment in

American sports history was the cloud of war hanging over the game and the nation Ten days before the Giants defeated the Bills 20 19 in Tampa Stadium the United States had authorized Operation Desert Storm and begun the Persian Gulf War The book is entitled Super Bowl Monday because the hundreds of thousands of American soldiers who were able to watch the Giants vs the Bills did so on Arabic Standard Time several hours ahead of Eastern Standard Time For those men and women on duty in Saudi Arabia Kuwait and Iraq Super Bowl XXV took place early Monday morning Super Bowl Monday features original research from newspaper and video archives in addition to lengthy interviews with many of the game s stars
