comprehensive integrated strategy Includes recommendations Charts and tables **Countering Terrorism, Preventing Radicalization and Protecting Cultural Heritage** Amer Al Sabaileh, Amani (Amneh) Hammad, 2017-05-15 One of the most pressing challenges in the fight against terror is the way in which terrorist organizations have developed uniquely effective recruitment tools Terrorist groups such as ISIS have successfully indoctrinated followers from all over the world expanding their reach far beyond the Middle East It is imperative that the international community finds effective ways to respond to this threat This book presents findings and recommendations from the NATO Advanced Research Workshop ARW Human Factors in the Defense Against Terrorism the Case of Jordan held in the Hashemite Kingdom of Jordan in November 2016 The aim of the workshop was to deepen NATO Jordanian cooperation within the Mediterranean Dialogue MD framework by sharing best practices in counter terrorism and de radicalization strategies among government authorities and distinguished experts from the diplomatic military academic and private sectors The discussions were centered around the technological and psychological aspects of terrorist recruitment techniques particularly with regard to social media and other information sharing platforms Participants developed several innovative strategies for preventing and even reversing radicalization and also established a series of protocols and emergency response techniques for practitioners and policy makers in the fields of counter terrorism and emergency responders Providing an overview of current expertise and best practice this book will be of interest to all those collaborating to effectively counter the threats of terrorism and fight the process of radicalization

Exceptionalism and the Politics of Counter-Terrorism Andrew W. Neal, 2009-10-16 This book is an analysis and critique of the concepts of exception and exceptionalism in the context of the politics of liberty and security in the so called War on Terror Since the destruction of the World Trade Centre on September 11th 2001 a notable transformation has occurred in political discourse and practice Politicians and commentators have frequently made the argument that the rules of the game have changed that this is a new kind of war and that exceptional times require exceptional measures Under this discourse of exceptionalism an array of measures have been put into practice such as detention without trial extraordinary rendition derogations from human rights law sanction or connivance in torture the curtailment of civil liberties and aggressive war against international law Situating exceptionalism within the post 9 11 controversy about the relationship between liberty and security this book argues that the problem of exceptionalism emerges from the limits and paradoxes of liberal democracy itself It is a commentary and critique of both contemporary practices of exceptionalism and the critical debate that has formed in response Through a detailed assessment of the key theoretical contributions to the debate this book develops exceptionalism as a critical tool It also engages with the problem of exceptionalism as a discursive claim as a strategy as a concept as a theoretical problem and as a practice This is the first book to capture the importance of the exceptionalism debate in a single volume and will be of much interest to students of critical security studies political philosophy IR theory and sociology **Understanding International Counter Terrorism** Axel Hunsicker, 2006 Understanding of Operational

Counter Terrorism is one serious effort to lay out a comprehensive strategy of how to deal with a whole gamut of possible terrorist incidents by using a language that any person or first responders like policemen security personnel firemen paramedics etc can understand This guide covers everything from bombings and hostage taking to NBC Nuclear Biological and Chemical Terrorism what needs to be done before during and after an event This manual combines what minimally needs to be understood about Operational Counter Terrorism by the government level policy maker while at the same time helping the personnel on the first responder level who are planning to cope with what must at least initially seem like an overwhelming attack Terrorism is global and any part of this guide can easily be adapted and translated to any region law and government in the world This manual should make clear that the only way to effectively deal with terrorism is to have a thorough understanding of its present day characteristics such as who is involved and what weapons and tactics are the terrorists likely to be using The players on the Counter Terrorism team need to take stock of what is in their tool boxes what works and what is required what new capabilities need to be developed in order to face not only today s terrorist but also tomorrow s as well

Contemporary State Terrorism Richard Jackson,Eamon Murphy,Scott Poynting,2009-09-10 This volume aims to bring the state back into terrorism studies and fill the notable gap that currently exists in our understanding of the ways in which states employ terrorism as a political strategy of internal governance or foreign policy Within this broader context the volume has a number of specific aims First it aims to make the argument that state terrorism is a valid and analytically useful concept which can do much to illuminate our understanding of state repression and governance and illustrate the varieties of actors modalities aims forms and outcomes of this form of contemporary political violence Secondly by discussing a rich and diverse set of empirical case studies of contemporary state terrorism this volume explores and tests theoretical notions generates new questions and provides a resource for further research Thirdly it contributes to a critical normative approach to the study of terrorism more broadly and challenges dominant approaches and perspectives which assume that states particularly Western states are primarily victims and not perpetrators of terrorism Given the scarceness of current and past research on state terrorism this volume will make a genuine contribution to the wider field particularly in terms of ongoing efforts to generate more critical approaches to the study of political terrorism This book will be of much interest to students of critical terrorism studies critical security studies terrorism and political violence and political theory in general Richard Jackson is Reader in International Politics at the University of Wales Aberystwyth He is the founding editor of the Routledge journal Critical Studies on Terrorism and the convenor of the BISA Critical Studies on Terrorism Working Group CSTWG Eamon Murphy is Professor of History and International Relations at Curtin University of Technology in Western Australia Scott Poynting is Professor in Sociology at Manchester Metropolitan University
