Deleuze And Design Deleuze Connections Eup:

Jacques Ranciere: Aesthetics, Politics, Philosophy Robson Mark Robson, 2019-08-07 Aesthetics is not the fateful capture of art by philosophy It is not the catastrophic overflow of art into politics It is the originary knot that ties a sense of art to an idea of thought and an idea of the community Jacques Ranciere This special issue of Paragraph brings together new essays on the work of Jacques Ranciere by thinkers from a range of disciplines and critical perspectives In particular the contributors address topics such as politics aesthetics education literature historiography community and the end of philosophy The volume includes a new piece by Jacques Ranciere Published as a special issue of the journal Paragraph 28 1 *Deleuze and Design* Betti Marenko, 2015-06-08 Whether we are dealing with products or scenarios packaging or experiences territories or digital platforms design is never a thing but a process of change invention and speculation that always has material tangible implications that affect behaviours and lives Drawing on a range of contributors case studies and examples this book examines ways in which we can think about design through Deleuze and how Deleuzes thought can be experimented upon and re designed to produce new concepts This book taps into the emerging networks between philosophy as an act of inventing concepts and design as the process of inventing the world The Deleuze Connections John Rajchman, 2000-10-23 The first book to present Gilles Deleuze s philosophy in language the nonphilosopher can understand This book is a map of the work of Gilles Deleuze the man Michel Foucault would call the only real philosophical intelligence in France It is not only for professional philosophers but for those engaged in what Deleuze called the nonphilosophical understanding of philosophy in other domains such as the arts architecture design urbanism new technologies and politics For Deleuze s philosophy is meant to go off in many directions at once opening up zones of unforeseen connections between disciplines Rajchman isolates the logic at the heart of Deleuze s philosophy and the image of thought that it supposes He then works out its implications for social and cultural thought as well as for art and design for how to do critical theory today In this way he clarifies the aims and assumptions of a philosophy that looks constantly to invent new ways to affirm the free differences and the complex repetitions in the histories and spaces in which we find ourselves He looks at the particular realism and empiricism that this affirmation implies and how they might be used to diagnose new forces confronting us today In the process he explores the many connections that Deleuze himself constructs in working out his philosophy with the arts political movements even the neurosciences and artificial intelligence Practising with Deleuze Suzie Attiwill, 2018-07-31 First ever book length study of Scotland s immigrant communities since 1945 *Deleuze and Research Methodologies* Rebecca Coleman, 2013-02-25 Shows how Deleuze s philosophy is shaking up research in the humanities and social sciences Deleuzian thinking is having a significant impact on research practices in the Social Sciences not least because one of its key implications is the demand to break down the false divide between theory and practice This book brings together international academics from a range of Social Science and Humanities disciplines to reflect on how Deleuze s philosophy is

opening up and shaping methodologies and practices of empirical research MLA International Bibliography of Books and Articles on the Modern Languages and Literatures ,2007 Deleuze and Race Arun Saldanha,2012-12-01 The first collection of essays on the Deleuzian study of race An international and multidisciplinary team of scholars inaugurates this field with this wide ranging and evocative array of case studies **Deleuze and Children** Markus P. J. Bohlmann,2018-12-03 This collection applies the characterisations of children and childhood made in Deleuze and Guattari s work to concerns that have shaped our idea of the child Bringing together established and new voices the authors consider aspects of children s lives such as time language gender affect religion atmosphere and schooling Deleuze and the Body Laura Guillaume,2011-03-22 This book will be important reading for those with an interest in Deleuze but also in performance arts film and contemporary culture Deleuze and Ethics Nathan Jun,2011-05-09 Deleuze is perhaps best known for his influential works in philosophical interpretation epistemology metaphysics and political economy The essays in this collection explore uncover and trace the ethical dimension of Deleuzian philosophy along divers
