Caesar and Cleopatra Bernard Shaw, 2022-03-14 George Bernard Shaw 26 July 1856 2 November 1950 known at his insistence simply as Bernard Shaw was an Irish playwright critic polemicist and political activist His influence on Western theatre culture and politics extended from

the 1880s to his death and beyond He wrote more than sixty plays including major works such as *Man and Superman* 1902 *Pygmalion* 1912 and *Saint Joan* 1923 With a range incorporating both contemporary satire and historical allegory Shaw became the leading dramatist of his generation and in 1925 was awarded the Nobel Prize in Literature Born in Dublin Shaw moved to London in 1876 where he struggled to establish himself as a writer and novelist and embarked on a rigorous process of self education By the mid 1880s he had become a respected theatre and music critic Following a political awakening he joined the gradualist Fabian Society and became its most prominent pamphleteer Shaw had been writing plays for years before his first public success *Arms and the Man* in 1894 Influenced by Henrik Ibsen he sought to introduce a new realism into English language drama using his plays as vehicles to disseminate his political social and religious ideas By the early twentieth century his reputation as a dramatist was secured with a series of critical and popular successes that included *Major Barbara* *The Doctor's Dilemma* and *Caesar and Cleopatra* Shaw's expressed views were often contentious he promoted eugenics and alphabet reform and opposed vaccination and organised religion He courted unpopularity by denouncing both sides in the First World War as equally culpable and although not a republican castigated British policy on Ireland in the postwar period These stances had no lasting effect on his standing or productivity as a dramatist the inter war years saw a series of often ambitious plays which achieved varying degrees of popular success In 1938 he provided the screenplay for a filmed version of *Pygmalion* for which he received an Academy Award His appetite for politics and controversy remained undiminished by the late 1920s he had largely renounced Fabian Society gradualism and often wrote and spoke favourably of dictatorships of the right and left he expressed admiration for both Mussolini and Stalin In the final decade of his life he made fewer public statements but continued to write prolifically until shortly before his death aged ninety four having refused all state honours including the Order of Merit in 1946 Since Shaw's death scholarly and critical opinion about his works has varied but he has regularly been rated among British dramatists as second only to Shakespeare analysts recognise his extensive influence on generations of English language playwrights The word Shavian has entered the language as encapsulating Shaw's ideas and his means of expressing them [wikipedia.org](https://en.wikipedia.org/wiki/George_Bernard_Shaw) *Caesar and Cleopatra*
