Culler, 2007 This work explores the role of the literary in theory with wide ranging analysis of key concepts and disciplinary practices *Critical Theory: A Very Short Introduction* Stephen Eric Bronner, 2011-03-18 Critical Theory emerged in the 1920s from the work of the Frankfurt School the circle of German Jewish academics who sought to diagnose and if at all possible cure the ills of society particularly fascism and capitalism In this book Stephen Eric Bronner provides sketches of leading representatives of the critical tradition such as George Lukacs and Ernst Bloch Theodor Adorno and Walter Benjamin Herbert Marcuse and Jurgen Habermas as well as many of its seminal texts and empirical investigations This Very Short Introduction sheds light on the cluster of concepts and themes that set critical theory apart from its more traditional philosophical competitors Bronner explains and discusses concepts such as method and agency alienation and reification the culture industry and repressive tolerance non identity and utopia He argues for the introduction of new categories and perspectives for illuminating the obstacles to progressive change and focusing upon hidden transformative possibilities Only a critique of critical theory can render it salient for a new age That is precisely what this very short introduction provides *Literary Theory* Jonathan Culler, 1997 A brief introduction to literary theory that explores the various moves that literary theory has encouraged *Critical Theory: The Basics* Martin Shuster, 2024-05-27 Critical Theory The Basics brings clarity to a topic that is confusingly bandied about with various meanings today in popular and academic culture First defined by Max Horkheimer in the 1930s critical theory now extends far beyond its original German context around the Frankfurt School and the emergence of Nazism We now often speak of critical theories of race gender anti colonialism and so forth This book introduces especially the core program of the first generation of the Frankfurt School including Horkheimer Theodor W Adorno Erich Fromm and Herbert Marcuse and shows how this program remains crucial to understanding the problems ideologies and systems of the modern world including capitalism racism sexism and the enduring problems of colonialism It explores basic questions like What is critical theory What can critical theory be What should it be Why and how does critical theory remain vital to understanding the contemporary world including notions of self society politics art religion culture race gender and class With suggestions for further reading this book is an ideal starting point for anyone seeking an accessible but robust introduction to the richness and complexity of this tradition and to its

continuing importance today Critical Theory Amirhosein Khandizaji,Wolfgang Sohst,2025-07-01 Critical Theory The Last Stand for Emancipation gathers leading voices in contemporary critical thought to reassert the enduring relevance of a tradition forged in resistance From the early insights of the Frankfurt School to its intersections with decolonial queer ecological and postcolonial critiques this volume maps the evolving terrain of a radical project devoted to unveiling domination and envisioning emancipation At a time when neoliberal orthodoxy undermines critical scholarship and authoritarian populism distorts public discourse this book refuses resignation It offers instead a lucid and urgent intervention one that confronts the alienations of digital life the legacies of colonial violence and the manufactured chaos of late capitalism With essays ranging from genealogy to praxis from epistemology to affect this collection insists that critical theory is not an academic relic but a living practice of resistance Whether reckoning with the failures of progress or reclaiming hope as a political act Critical Theory The Last Stand for Emancipation is a call to think deeply act ethically and remember that critique remains a vital tool in the struggle for a more just world **Critical Theory** , Creolizing Critical Theory Kris F.
