Making the Most of Tutor Time Helen Peter,2018-10-24 Most secondary school teachers and some support staff will be expected to take on the role of form tutor or mentor along side their other work What is surprising is how little time status or attention is given to training and preparation for this pastoral aspect of education in comparison to subject teaching This book helps to redress the balance by providing a look at the structure and organisation of pastoral support as well as being full of practical ideas for tutors to use in tutor time The chapters include Establishing Routines The Self Managing Tutor

Group How to Help and Support Individuals Engaging Parents and Carers and Tutoring Over a Whole Year There is also a Resource Section and CD ROM which includes a PowerPoint for staff training proformas for gathering information for parent s evenings and examples of practical activities such as Jigsaw Diamond Nine and Hot Seating as well as useful books and organisations One secondary academy head wrote I really like it It is very fresh practical and full of wisdom I like the whole section on parental engagement and all the games suggestions really clear and so simple to pick up and use And the calendar of the year with tutorial themes is great But of most use to me and my school is the opening section on routines expectations and setting the scene fantastically useful reminders Thank you so much this will be my tutorial bible
