**Coping With the Gods** Henk Versnel, 2011-05-10 Inspired by a critical reconsideration of current monolithic approaches to the study of Greek religion this book argues that ancient Greeks displayed a disquieting capacity to validate two or more dissonant if not contradictory representations of the divine world in a complementary rather than mutually exclusive manner From this perspective the six chapters explore problems inherent in order vs variety chaos in polytheism arbitrariness vs justice in theodicy the peaceful coexistence of mono and polytheistic theologies human traits in divine imagery divine omnipotence vs limitation of power and ruler cult Based on an intimate knowledge of ancient realia and literary testimonia the book stands out for its extensive application of relevant perceptions drawn from cultural anthropology theology cognitive science psychology and linguistics

**The Real Deal: Making the Case for the One True God** Rev.

Peter Hendriks Okello,2018-08-08 This book explains differences between the content of the Bible and the Qur'an and between the God of the Bible and Allah of the Quran The resulting identity of Allah serves as a wake up call for many Christians especially for those who think that the God of the Bible and Islam's Allah are identical Despite growing militant Muslim behavior throughout the world especially against Christians and Jews many Christian leaders in churches and politics seem to be ignorant of the growing threat of Islam to their communities Many examples of explicit Muslim's inhuman behavior substantiate the global Muslim threat to completely destroy Jewish and Christian communities throughout the world This book helps readers understand that there is a significant and most strenuous spiritual battle going on in the heavenly spheres between demons fallen angels and angels as ministers of God This spiritual battle is reflected in the hearts and minds of men and women today This book suggests how Christians need to be united in a biblical response to the growing threat of militant Islam to bring the entire world under the rule of Sharia law and worship of Islam's Allah **Man and God**
