Des voix derrière le voile Faïza Zerouala, 2015-06-01 **Colonial Continuities and Decoloniality in the French-Speaking World** Sarah Arens, Nicola Frith, Jonathan Lewis, Rebekah Vince, 2024-02-06 This volume pays tribute to the work of Professor Kate Marsh 1974 2019 an outstanding scholar whose research covered an extraordinarily wide range of interests and approaches encompassing the history of empire literature politics and cultural production across the Francophone world from the eighteenth to the twenty first century Each of the chapters within engages with a different aspect of Marsh s interest in French colonialism and the entanglements of its complex afterlives whether it be her interest in the longevity of imperial rivalries loss and colonial nostalgia exoticism and the female body decolonization and the ends of empire the French colonial imagination the policing of racialized bodies or anti colonial activism and resistance As well as reflecting the geographical and intellectual breadth of Marsh s research the volume demonstrates how her work continues to resonate with emerging scholarship around decoloniality transcolonial mobilities and anti colonial resistance in the Francophone world From French India to Algeria and from the Caribbean to contemporary France this collection demonstrates the persistent relevance of Marsh s scholarship to the histories and legacies of empire while opening up conversations about its implications for decolonial approaches to imperial histories and the future of Francophone Postcolonial Studies **Muslim Women and Power** Danièle Joly, Khursheed Wadia, 2017-04-06 Winner of the W J M Mackenzie Book Prize 2017 This book provides an account of Muslim women s political and civic engagement in Britain and France It examines their interaction with civil society and state institutions to provide an understanding of their development as political actors The authors argue that Muslim women s participation is expressed at the intersections of the groups and society to which they belong In Britain and France their political attitudes and behaviour are influenced by their national ethnic origins religion and specific features of British and French societies Thus three main spheres of action are identified the ethnic group religious group and majority society Unequal gendered power relations characterise the interconnection s between these spheres of action Muslim women are positioned within these complex relations and find obstacles and or facilitators governing their capacity to act politically The authors suggest that Muslim women s interest in politics knowledge of it and participation in both institutional and informal politics is higher than expected This book will appeal to students and scholars of politics sociology gender studies and social anthropology and will also be of use to policy makers and practitioners in the field of gender and ethno religious ethno cultural policy Decolonizing Feminism Margaret A. McLaren, 2017-09-13 What does it mean to decolonize transnational feminist theory in the context of globalization As a project concerned with multiple power structures feminist theory must address the historical legacies of colonialism postcolonialism and more recently decoloniality This book offers essays organized around a coherent set of research questions about how to conceptualize an inclusive feminist politics This has been and continues to be a central project in

feminist theory particularly in light of neoliberal globalization International and interdisciplinary in scope this book introduces the key issues in and addresses the most significant challenges for contemporary transnational feminist politics In the context of rapid globalization it explores the theoretical frameworks for thinking through significant concepts in feminist theory and activism rights citizenship and immigration feminist solidarity decolonizing methodologies and practices and freedom From diverse socio political locations and multiple and interdisciplinary perspectives authors propose new ways of thinking about feminist knowledges methodologies and practices Ideal for students and scholars in Gender and Globalization Transnational Feminism and Feminist Theory more broadly the volume contributes to the ongoing project of advocating a decolonizing feminist approach to pressing social issues *Exploring Islamic Social Work* Hansjörg Schmid, Amir Sheikhzadegan, 2022-05-20 This open access book addresses for the first time Islamic social work as an emerging concept at the interface of Islamic thought and social sciences Applying a multidisciplinary approach it explores on the one hand the discourse that provides religious legitimisation to social work activities and on the other hand case studies of practical fields of Islamic social work including educational programmes family counselling and resettlement of prisoners Although in many cases these activities are oriented towards Muslim clients more often than not they go beyond the boundaries of Muslim communities to benefit society as a whole Muslim actors are also starting to professionalise their services and to negotiate the ways in which they can become fully recognised service providers within the welfare state At a more general level the volume also shows that in contrast to the widespread processes of secularisation of social work and its separation from religious communities new types of activities are now emerging which bring back to the public arena both an increased sensitivity to the religious identities of the beneficiaries and the religious motivations of the benefactors The edited volume will be of interest to researchers in Islamic Studies Social and Political Sciences Social Work and Religious Studies This is an open access book **Déclaration Parfaite des Obligations de Vénération Envers l'elu Prophète** 00 00000 0000 0000000

Un livre d'actualité **La fonctionnaire et le hijab** Bertrand Lavoie,2018-08-20T00:00:00-04:00 Depuis plusieurs années le port de signes religieux au sein des institutions publiques est un enjeu social important dans la société québécoise Au milieu des années 2000 lors des travaux de la commission Bouchard Taylor de nombreux Québécois ont été stupéfaits de constater que plusieurs de leurs concitoyennes de confession musulmane affichaient publiquement leur religiosité au moyen d'un foulard couvrant leurs cheveux le hijab Certains projets de loi ont proposé d'interdire le port de signes religieux pour l'ensemble du personnel des organismes publics ou parapublics Cette interdiction reste possible en droit québécois mais elle doit se fonder sur la recherche d'un équilibre entre la neutralité religieuse de l'État et le droit à la liberté de religion Quels sont les liens existants entre la laïcité et la liberté de religion au Québec Que signifie la laïcité pour une fonctionnaire portant le hijab En documentant de manière descriptive et nuancée la question des signes religieux l'auteur propose un examen des normes tactiques et une analyse des pratiques quotidiennes des fonctionnaires québécoises qui ainsi tentent de concilier le respect de leur foi et le respect de l'État
