Curators Of The Buddha Curators Of The Buddha:

Curators of the Buddha Donald S. Lopez Jr., Donald S. Lopez, 1995-08-15 A critical history of the study of Buddhism in the West incorporating insights of colonial and post colonial cultural studies Social political and cultural conditions that have shaped the course of Buddhist studies are discussed *Introduction in "Curators of the Buddha"*, 1995 The Life of the Sixteenth Karmapa Rangjung Rigpe Dorje Meng Wang, 2022-11-08 The Sixteenth Karmapa Rangjung Rigpe Dorje was the first Tibetan Buddhist leader to make extensive teaching tours to the West His three tours to Europe and North America from 1974 to 1980 led to the global expansion of Tibetan Buddhist schools This book presents the most in depth analysis of the Karmapa s contribution to the preservation and transmission of Tibetan Buddhism in exile It is the first study to combine Tibetan life writing and biographical materials in English with a thorough examination of the transformation of Tibetan Buddhism in the modern era of globalization Drawing on a wide range of data from written accounts collections of photographs recordings of interviews and documentaries the author discusses the life and activity of the Karmapa through the lens of cross cultural interaction between Buddhism and the West with a particular focus on Asian agency The study shows that the Karmapa s transmission strategies emphasized continuity with tradition with some openness for adaptation His traditionalist approach and his success on the global scale challenge the popular assumption that the transmission of Buddhism is primarily a matter of Westernization which in turn calls for a broader view that recognizes its complex and dynamic nature *The Return of the Buddha* Himanshu Prabha Ray, 2014-08-07 The Return of the Buddha traces the development of Buddhist archaeology in colonial India examines its impact on the reconstruction of India s Buddhist past and the making of a public and academic discourse around these archaeological discoveries The book discusses the role of the state and modern Buddhist institutions in the reconstitution of national heritage through promulgation of laws for the protection of Buddhist monuments acquiring of land around the sites restoration of edifices and organization of the display and dissemination of relics It also highlights the engagement of prominent Indian figures such as Nehru Gandhi Ambedkar and Tagore with Buddhist themes in their writings Stressing upon the lasting legacy of Buddhism in independent India the author explores the use of Buddhist symbols and imagery in nation building and the making of the constitution as also the recent efforts to resurrect Buddhist centers of learning such as Nalanda With rich archival sources the book will immensely interest scholars researchers and students of modern Indian history culture archaeology Buddhist studies and heritage management Smile of the Buddha Jacquelyn Baas, 2005 The relations between eastern and western cultures have long been a neglected topic and this careful and intelligent look at a small but significant part of those relations is most welcome Thomas McEvilley author of *The Shape of Ancient Thought* How wonderful that Jacquelyn Baas has seen the light of the Buddha s smile shining from faraway Asia into the realm of the art of modern times in what we think of as the West Her work reveals how some of our most influential artists explored and expressed the sophisticated perceptions and joyful energy

emanating from the realm of Buddhist Asia Robert A F Thurman As a Buddhist scholar and artist I welcome this thoughtful and richly detailed study of how many aspects of Buddhism have stimulated invigorated and enriched Western arts over the past 150 years Stephen Addiss author of *The Art of Zen* A crucial contribution to modern art studies this high spirited text surveys Western artists awakened by the wisdom of the East from Monet and Duchamp to O Keeffe to Martin It is a thoughtful book about thoughtful artists their values and their visions with a lot to offer general readers and specialists alike Charles Stuckey Associate Professor of Art History at the School of the Art Institute of Chicago **Speaking for Buddhas** Richard F. Nance, 2012 Buddhist intellectual discourse owes its development to a dynamic interplay between primary source materials and subsequent interpretation yet scholarship on Indian Buddhism has long neglected to privilege one crucial series of texts Commentaries on Buddhist scriptures particularly the sutras offer rich insights into the complex relationship between Buddhist intellectual practices and the norms that inform and are informed by them Evaluating these commentaries in detail for the first time Richard F Nance revisits and rewrites the critical history of Buddhist thought including its unique conception of doctrinal transmission Attributed to such luminaries as Nagarjuna Vasubandhu Dignaga and Santideva scriptural commentaries have long played an important role in the monastic and philosophical life of Indian Buddhism Nance reads these texts against the social and cultural conditions of their making establishing a solid historical basis for the interpretation of key beliefs and doctrines He also underscores areas of contention in which scholars debate what it means to speak for and as a Buddha Throughout these texts Buddhist commentators struggle to deduce and characterize the speech of Buddhas and teach others how to convey and interpret its meaning At the same time they demonstrate the fundamental dilemma of trying to speak on behalf of Buddhas Nance also investigates the notion of right speech as articulated by Buddhist texts and follows ideas about teaching as imagined through the common figure of a Buddhist preacher He notes the use of epistemological concepts in scriptural interpretation and the protocols guiding the composition of scriptural commentary and provides translations of three commentarial guides to better clarify the normative assumptions organizing these works

Guardians of the Buddha's Home Jessica Starling, 2019-02-28 In *Guardians of the Buddha's Home* Jessica Starling draws on nearly three years of ethnographic research to provide a comprehensive view of Jodo Shinshu True Pure Land temple life with temple wives known as b mori or temple guardians at its center Throughout she focuses on domestic religion a mode of doing religion centering on more informal religious expression that has received scant attention in the scholarly literature The Buddhist temple wife's movement back and forth between the main hall and the back stage of the kitchen and family residence highlights the way religious meaning cannot be confined to canonical texts or to the area of the temple prescribed for formal worship Starling argues that attaining Buddhist faith shinjin is just as likely to occur in response to a simple act of hospitality a sense of community experienced at an informal temple gathering or an aesthetic affinity with the temple space that has been carefully maintained by the b mori as it is from hearing the words of a Pure Land sutra intoned by a

professional priest For temple wives the spiritual practice of button h sha repayment of the debt owed to the Buddha for one s salvation finds expression through the conscientious stewardship of temple donations caring for the Buddha s home and opening it to lay followers raising the temple s children and propagating the teachings in the domestic sphere Engaging with what religious scholars have called the turn to affect Starling s work investigates in personal detail how religious dispositions are formed in individual practitioners The answer not surprisingly has as much to do with intimate relationships and quotidian practices as with formal liturgies or scripted sermons *If You Meet the Buddha on the Road* Michael

Jerryson,2018-03-27 Drawing on Buddhist treatments of violence this book explores Buddhist invocation support or justification of war conflict state violence and gender discrimination In addition it examines the ways in which Buddhists address violence as military chaplains cope with violence in a conflict zone and serve as witnesses of blasphemy to Buddhism

Longmen's Stone Buddhas and Cultural Heritage Dong Wang,2020-06-02 This thoroughly researched book provides the first comprehensive history of how a UNESCO World Heritage site on the Central China Plain Longmen s caves and the Buddhist statuary of Luoyang was rediscovered in the twentieth and twenty first centuries Drawing on original research and archival sources in Chinese English French German Japanese and Swedish as well as extensive fieldwork Dong Wang traces the ties between cultural heritage and modernity detailing how this historical monument has been understood from antiquity to the present She highlights the manifold traffic and expanded contact between China and other countries as these nations were reorienting themselves in order to adapt their own cultural traditions to newly industrialized and industrializing societies Unknown to much of the world Longmen and its mesmerizing modern history takes readers to the heartland of China known as Chinese Babylon a century ago With remarkable depth and breadth this book unravels both a bygone and a continuing human pursuit of artefacts shared spiritual modern and above all beautiful that have linked so many lives Chinese and foreign *The Thousand and One Lives of the Buddha* Bernard Faure,2022-08-31 Praise for the French edition This is a book that should be read by all those who are interested whether near or far in Buddhism its history and its interpretations Faure proposes considering the Life of the Buddha as a kind of treasure that never ceases to be reinvented and experienced from story to story from language to language from culture to culture Roger Pol Droit Le Monde Many biographies of the Buddha have been published in the last 150 years and all claim to describe the authentic life of the historical Buddha This book written by one of the leading scholars of Buddhism and Japanese religion starts from the opposite assumption and argues that we do not yet possess the archival and archaeological materials required to compose such a biography All we have are narratives not facts Yet traditional biographies have neglected the literary mythological and ritual elements in the life of the Buddha Bernard Faure aims to bridge this gap and shed light on a Buddha that is not historical but has constituted a paradigm of practice and been an object of faith for 2 500 years The Thousand and One Lives of the Buddha opens with a criticism of the prevalent historicism before examining the mythological elements in a life of the Buddha no longer

constrained by an artificial biographical framework Once the search for the historical Buddha is abandoned there is no longer any need to limit the narrative to early Indian stories The life or lives of the Buddha as an expression of the creative imaginations of Buddhists developed beyond India over the centuries Faure accordingly shifts his focus to East Asia and more particularly to Japan Finally he examines recent developments of the Buddha's life in not only Asia but also the modern West and neglected literary genres such as science fiction
