

Clothing and Textiles

Home Economics for CSEC® Examinations is a course aimed specifically at secondary school students in the Caribbean who are preparing for their CSEC examination. The course is divided into three books: Management, Food and Nutrition, and Clothing and Textiles, and has been written in line with the latest Caribbean Examinations Council syllabus requirements.

The foundation for this course can be found in *Home Economics: A Caribbean Approach*.

Clothing and Textiles includes the following key features:

- textiles
- psycho-social aspects of dress
- construction techniques

This text contains explanations that will assist the student to make intelligent and important decisions about the nature, choice and construction of clothing and other sewn items. It reflects the revised CSEC Clothing and Textiles syllabus and is divided into three main sections: Textiles, Psycho-social Aspects of Dress, and Construction Techniques. As with the Food and Nutrition text, its scope is geared for use beyond secondary level.
