

Nationalism Study Guide

Nationalism

Nationalism is a feeling of loyalty and pride towards one's country. In some cases, it may include believing your country is superior to other nations.

Often, nationalism includes people unifying to become free of foreign rule and gain independence. Nationalist movements were the cause of many colonies gaining independence and led to large empires losing territory and power.

Nationalism in the Americas

Haiti, a small island in the Americas, underwent a revolution inspired by Enlightenment ideas. Led by Toussaint L'Ouverture, the people of Saint Domingue (eventually known as Haiti) united against colonial rule from France. Much of the population were slaves and wanted more rights. Nationalism, and the desire to be independent and equal, motivated the people to revolt and eventually led to Haiti becoming independent in 1804.

The new government that was formed improved equality and the rights of the people of Haiti, but economically Haiti suffered.

Toussaint L'Ouverture

Latin American Revolutions against Spain

Spain colonized a substantial amount of territory in the Americas including the region known as Latin America. The colonists eventually became resentful of Spanish rule.
