church in the world has been broken many times with major schisms between East and West in the Great Schism of 1054 and the Western schism between Catholics and Lutherans which resulted in 1530 The Western schism at the Reformation occurred at the Augsburg Diet in 1530 when Catholics theologians and leaders of the German Reformation movement failed to agree on the wording of the articles of the Augsburg Confession This document regarded by many Catholic and Lutheran theologians today as not being church dividing or heretical is being reconsidered by theologians of both churches to see if substantial agreement can be made on its articles before its five hundredth anniversary in 2030 This book charts the course of the confession from its creation in 1530 until the present day and lays out a hope for a substantial healing of the Western schism by its five hundredth anniversary **The Actuality of Sacrifice** Alberdina Houtman, Marcel Poorthuis, Joshua J. Schwartz, Joseph Turner, 2014-11-27 Sacrifice is a well known form of ritual in many world religions Although the actual practice of animal sacrifice was largely abolished in the later history of Judaism Christianity and Islam it is still recalled through biblical stories the ritual calendar and community events The essays in this volume discuss the various positions regarding the value of sacrifice in a wide variety of disciplines such as history archaeology literature philosophy art and gender and post colonial studies In this context they examine a wide array of questions pertaining to the actuality of sacrifice in various social historical and intellectual contexts ranging from the pre historical to the post Holocaust and present new understandings of some of the most sensitive topics of our time *Saints of the Reformation* Mathew Block, 2017-09 This volume marks the 500th anniversary of the Reformation in 2017 with the recognition that the Reformation was not merely about events ideas and movements It was also the story of people It is the story of their faith their witness their way of handling conflict and the way in which their personal habits even apart from their words have left behind a message for us Martin Luther and the reformers encouraged Christians to study the lives of faithful Christians who had gone before and to learn from them This they said was the proper way to remember the saints In this volume the reader is invited to reflect on the saints of the Reformation Some like Martin Luther you may have heard of before Others like Ursula von M nsterberg are little known But in the lives of all men and women royals and commoners clergy and laypeople the work of God is evident Their witness to Christ and His mercy remains a powerful testimony to Christians today *Lutheran Forum* ,2004

Religion and World Civilizations Andrew Holt, 2023-06-30 An indispensable resource for readers investigating how religion has influenced societies and cultures this three volume encyclopedia assesses and synthesizes the many ways in which religious faith has shaped societies from the ancient world to today Each volume of the set focuses on a different era of world history ranging through the ancient medieval and modern worlds Every volume is filled with essays that focus on religious themes from different geographical regions For example volume one includes essays considering religion in ancient Rome while volume three features essays focused on religion in modern Africa This accessible layout makes it easy for readers to learn more about the ways that religion and society have intersected over the centuries as well as specific

religious trends events and milestones in a particular era and place in world history Taken as a whole this ambitious and wide ranging work gathers more than 500 essays from more than 150 scholars who share their expertise and knowledge about religious faiths tenets people places and events that have influenced the development of civilization over the course of recorded human history

The Reformation as Renewal Matthew Barrett, 2023-06-06 A holistic eye opening history of one of the most significant turning points in Christianity The Reformation as Renewal demonstrates that the Reformation was at its core a renewal of evangelical catholicity In the sixteenth century Rome charged the Reformers with novelty as if they were heretics departing from the catholic universal church But the Reformers believed they were more catholic than Rome Distinguishing themselves from Radicals the Reformers were convinced they were retrieving the faith of the church fathers and the best of the medieval Scholastics The Reformers saw themselves as faithful stewards of the one holy catholic and apostolic church preserved across history and they insisted on a restoration of true worship in their own day By listening to the Reformers own voices The Reformation as Renewal helps readers explore The Reformation s roots in patristic and medieval thought and its response to late medieval innovations Key philosophical and theological differences between Scholasticism in the High Middle Ages and deviations in the Late Middle Ages The many ways sixteenth and seventeenth century Protestant Scholastics critically appropriated Thomas Aquinas The Reformation s response to the charge of novelty by an appeal to the Augustinian tradition Common caricatures that charge the Reformation with schism or assume the Reformation was the gateway to secularism The spread of Reformation catholicity across Europe as seen in first and second generation leaders from Luther and Melanchthon in Wittenberg to Zwingli and Bullinger in Zurich to Bucer and Calvin in Strasbourg and Geneva to Tyndale Cranmer and Jewel in England and many others The theology of the Reformers with special attention on their writings defending the catholicity of the Reformation This balanced insightful and accessible treatment of the Reformation will help readers see this watershed moment in the history of Christianity with fresh eyes and appreciate the unity they have with the church across time Readers will discover that the Reformation was not a new invention but the renewal of something very old
