Future Directions in Postal Reform brings together leading practitioners world wide postal administrations and the courier industry as well as a number of regulators academic economists mailers and lawyers to examine some of the major policy and regulatory issues facing the postal and delivery industry Issues addressed include international postal policy the universal service obligation regulation competition entry and the role of scale and scope economies the nature and role of cost analysis in postal service productivity interaction of law and economics and future technologies and service standards *Handbook of Worldwide Postal Reform* Michael A. Crew, Paul R. Kleindorfer, James I. Campbell, 2009-01-01

The postal and delivery sector has been the subject of considerable interest in recent years This book brings together a number of contributions directed at understanding developments in the field of postal reform The authors review the experience and plans of individual countries to provide some perspective on the problems faced in the area and the varied approaches being taken to address it They also review key elements of policy and strategy that are important in this debate *Journal of United Labor* Knights of Labor, 1893 **Postal and Delivery Services** Michael A. Crew, Paul R. Kleindorfer, 2013-12-01

When Postmaster General Creswell penned his concern about the impact of electronic diversion on his postal organization the year was 1872 General Creswell it turned out fretted unnecessarily Facsimile did not achieve commercial viability until roughly a century after his tenure as Postmaster General and today that technology is fading rapidly from the communication scene Moreover it never appears to have significantly affected physical letter volumes However if General Creswell were leading a major postal organization today he likely would feel threatened by the potential of Internet communication to cause electronic diversion of physical mail Should recent technology developments cause the oft predicted but so far incorrect inflection point that would mark the beginning of declining mail volumes the implications from a management standpoint will be profound The relatively fixed nature of postal costs suggest that volume declines must be offset though improved productivity reduced cost of inputs revenue from new products that share common costs or reduced level of universal service **Reforming the Postal Sector in the Face of Electronic Competition** Anheuser-Busch, 2013-01-01

Professors Crew and Kleindorfer have once again assembled a valuable collection of essays that address timely and important issues in postal sectors throughout the world The essays employ diverse methodologies to provide useful insights about recent and likely future developments in the postal industry This book will be a valuable resource for researchers industry practitioners and policymakers alike David E M Sappington University of Florida US In our increasingly technology focused world demand for traditional postal services is steadily shrinking This timely volume examines the many challenges that the worldwide postal sector is facing as a result of growing electronic competition and offers expert recommendations for reshaping postal structures to strengthen their

competitiveness in an electronic age Drawn from a selection of papers presented at the 20th Conference on Postal and Delivery Economics in Brighton UK this book showcases expert contributions on the rapidly changing postal sectors in both the United States and Europe Topics discussed include the various financial challenges posed by decreasing demand for postal services recent changes in how postal services are provided and new structures and modes of operation such as privatization that are currently affecting the industry Contributors offer a thorough breakdown of the issues as well as ideas for keeping the postal sector alive in a world that is growing ever more reliant on purely electronic means of communication Economists with an interest in regulatory economics innovation and public sector economics will find this volume useful and informative as will institutional libraries and industry professionals *Postal and Delivery Services* Michael A. Crew,Paul R. Kleindorfer,2002-12-31 *Postal and Delivery Services* Delivering on Competition is an indispensable source of information and analysis on the current state of the postal and delivery sector It offers current insight into strategy regulation as well as the economics of this sector Issues addressed include international postal policy the universal service obligation regulation competition entry the role of scale and scope economies the nature and role of cost and demand analysis in postal service productivity interaction of law and economics human resources transition and reform issues **Competition and Regulation in the Postal and Delivery Sector** Michael A.
