learning cursive writing offers an effective useful outlet by tapping into the therapeutic power of writing Writing is a useful skill We are often encouraged to write and get your feelings down on paper to assist the mind in processing information and focusing Writing also has the excellent ability to help build connections in your brain to increase recall of your thoughts and memories This workbook is an excellent tool for this generation to use to get back in touch with cursive writing Cursive writing also helps the writer more efficiently spell and memorize words by helping visualize the word by writing it out This kinetic activity aids in anchoring the word in the body giving the brain a pattern to follow Back when my boys were homeschooled all the writing exercises offered were BORING and they haven t gotten much better so this workbook is intended to be more engaging and interactive while helping the writer learn cursive Notable benefits include Enhance your children s ability to write quickly and clearly when they re journaling Journaling has become a popular method of writing for mental health productivity and creativity Teach your children how to write in an efficient aesthetically pleasing manner so that the words are beautiful and decipherable Engaging and interactive stories and exercises that make learning cursive fun Every lesson spread in the book focuses on two letters of the alphabet eg AB CD EF etc Offers pangram exercises which are useful for practicing every letter in the same sentence By writing out the sentence repeatedly you practice every letter of the alphabet simultaneously and strengthen each letter especially the rarely used ones like j k q v x and z evenly The perfect indoor exercise for the homeschool community or as homework This book is for anyone who would love to learn how to cursive write and maybe even for those adults that were forced to write with their right hand as children What a cool way for that generation to reclaim the love of writing and can participate along with the children Personally I know the power of writing because it has played a crucial part in my daily life from jotting random things down on a note to my deliciously colorful lifechanging chaotic journals papers and everything in between My hope is that anyone who does this workbook will fall in love with writing and experience its power for themselves Also available as a printable PDF providing individual sheets for home or classroom
