The Most Arrogant Man in France Petra ten-Doesschate Chu, 2007-04 A comprehensive reinterpretation of the pioneering and media savvy artist The modern artist strives to be independent of the public's taste and yet depends on the public for a living Petra Chu argues that the French Realist Gustave Courbet 1819-1877 understood this dilemma perhaps better than any painter before him In *The Most Arrogant Man in France* Chu tells the fascinating story of how in the initial age of mass media and popular high art this important artist managed to achieve an unprecedented measure of artistic and financial independence by promoting his work and himself through the popular press The Courbet who emerges in Chu's account is a sophisticated artist and entrepreneur who understood that the modern artist must sell and not only make his art Responding to this reality Courbet found new ways to package exhibit and publicize his work and himself Chu shows that Courbet was one of the first artists to recognize and take advantage of the publicity potential of newspapers using them to create acceptance of his work and to spread an image of himself as a radical outsider Courbet introduced the independent show by displaying his art in popular venues outside the Salon and he courted new audiences including women And for a time Courbet succeeded achieving a rare freedom for a nineteenth century French artist If his strategy eventually backfired and he was forced into exile his pioneering vision of the artist's career in the modern world nevertheless makes him an intriguing forerunner to all later media savvy artists

Wayne Thiebaud Timothy Anglin Burgard, 2025-03-18 Explores Wayne Thiebaud's career as a self-described thief who appropriated and reinterpreted old and new European and American artworks Although artist Wayne Thiebaud 1920-2021 earned acclaim for his poetic renderings of the prosaic particulars of American life he openly admitted that it's hard for me to think of artists who weren't influential on me because I'm such a blatant thief Wayne Thiebaud *Art Comes from Art* features the artist's virtuosic appropriations and reinterpretations of old and new European and American artworks spanning from Andrea Mantegna to douard Manet Henri Matisse to Richard Diebenkorn offering crucial insights into his creative process Thiebaud's exploration of art artists and art history along with the practices of copying appropriation and reinterpretation allowed him not only to see through the eyes of other artists but also to commune with them through their work expanding his own vision This career long engagement with the concept of appropriation illustrates his perception of art history as an encyclopedic bureau of standards a rich repository and resource
