Cnut Conqueror Earls Mercia Porter:

Cnut M. J. Porter, 2015-12-22 A new chapter in the epic Earls of Mercia saga England The Second Viking Age To gain what he wanted what he felt he was owed he would do anything even if it meant breaking his oaths to a woman he loved and the mother of his son Swein King of Denmark and briefly England lies dead his son ousted from England as King Aethelred returns from his exile in Normandy at the behest of his Witan and the bishops Aethelred might have relinquished his kingdom to Swein the Danish conqueror but with Swein dead the men have no interest in supporting an untried youth whose name resounds with the murder of one of England's greatest bishops a youth known only for his savagery and joy of battle a true Norse man who utilizes his weapons without thought But Cnut wants a kingdom and he will do anything to gain one As England is ravaged by a civil war between the sons of two former kings Edmund son of King Aethelred and Cnut son of Swein the men must make personal decisions in the heat of battle as they strive to reclaim their birthrights whilst doing all they can to stay alive Cnut the Conqueror is an Earls of Mercia side story full length novel to mark the millennial anniversary of Cnut's accession to the English kingdom in 1016 An Introductory History of England and Europe, from the Earliest Time to the Present Day Lettice Fisher, 1935 **The Illustrated London News**, 1858 Cnut M. J. Porter, 2017-11-19 Swein King of Denmark and briefly England lies dead his son ousted from England as King Aethelred returns from his exile in Normandy at the behest of his Witan and the Bishops Aethelred might have relinquished his kingdom to Swein the conqueror but with Swein dead the men have no interest in supporting an untried youth whose name resounds with the murder of one of England's greatest bishops a youth known only for his savagery and joy of battle a true Norse man who utilizes his weapons without thought But Cnut wants a kingdom and he will do anything to gain one Cnut the Conqueror is an Earls of Mercia side story to mark the millennial anniversary of Cnut's accession to the English kingdom in 1016 the Danish king of England

The Encyclopedia Americana, 1954 **The Earl of Mercia** M. J. Porter, 2017-08-22 Leofric eldest son of Earl Leofwine thought he'd done enough to assure himself of his father's position when he died But events outside England constantly distract King Cnut and instead of his prized earldom Leofric finds himself as Sheriff of Worcester a position of strength and power but heaped with the responsibilities of his father without the title to go with it Admired by many his advice is sought by the king queen and would be queen whilst he's despised by Earl Godwine the king's greatest English ally related to King Cnut by a tenuous family relationship As events force Cnut ever further away from England and his own ambitions grow so that he sees himself as more emperor than king Leofric must find his own path through the intrigue of the court through the murky relationship between Cnut's two wives three sons and daughter as he tries to determine just what it is his king wants from him before he'll grant him the title of earl and how if he gains it he'll keep it in the face of the ambitions of Earl Godwine Only as Cnut turns his attention back to Leofric's beloved England threatened by internal discord does Leofric understand how much his king truly needs his support and find a way to achieve his life long ambition to become just as his

father was The Earl of Mercia Covering the period from 1026 1031 The Earl of Mercia is the sixth main series full length novel in the epic Earls of Mercia charting the House of Leofwine from its humble beginnings in 991 throughout the final years of Anglo Saxon England **The English Earl** M. J. Porter, 2018-07-25 The seventh book in the main Earls of Mercia series England November 1035 Cnut the Danish king of England is dead his son and chosen heir Harthacnut fighting for the survival of Denmark against Magnus usurper of Cnut's eldest son's rule of Norway Cnut's Northern Empire of England Denmark Norway and Sweden is fragmented and in turmoil and that's before news of his death even spreads The queen dowager Lady Emma has the support of Earl Godwine to rule until her son Harthacnut can come to England to claim his inheritance But there are problems No one knows how long it will take Harthacnut to regain control of his father's Viking Empire and the English will not allow themselves to be left abandoned in the meantime Earl Leofric of Mercia has long been an ally of Cnut's but not always an ally of his wife the queen dowager And more Cnut made concessions for his other surviving son the result of his union with Lady Ilgifu of Northampton in Mercia and Earl Leofric must honour those despite the queen dowager's determination to ignore the son's existence As England once more faces the threat of external attack should Magnus prevail in Denmark Earl Leofric has important decisions to make He has a long held grudge to settle with Earl Godwine of Wessex Cnut's much favoured earl while ensuring his own family's survival Earl Leofric is the only truly English Earl within England and Mercia is his to command And the queen dowager should never be overlooked In power for her entire adult life she is desperate to retain her hold on the network of prestige she controls little caring who she endangers along the way The queen dowager has twice been England's queen She has always had more than the one son she shared with Cnut and her older sons are keen to exercise their own claim to wear England's crown Harald son of Cnut and Ilgifu Harthacnut son of Cnut and Lady Emma Edward and Alfred sons of Lady Emma and King thelred II four men with an equal and valid claim to the English kingdom but there is only one kingdom available Who will prevail This is the seventh book in the Earls of Mercia series main series charting the history of the House of Leofwine the only noble family to hold power for over a century in the turbulent final years of Anglo Saxon England a feat not even accomplished by the ruling English House of Wessex or the ruling Danish English House of Swein Forkbeard The Earls of Mercia Series Reading Order Viking Sword Viking Enemy Northman Part 1 Swein The Danish King side story Northman Part 2 Wulfstan An Anglo Saxon Thegn side story The King's Earl Cnut The Conqueror side story The Earl of Mercia The English Earl **The King's Earl** M. J. Porter, 2015-09-25 Part 5 in the epic Earls of Mercia series Ealdorman Leofwine bereaved and betrayed by the new Danish king of England hides away from the politics of the Witan desperate to forget his past links with Cnut and his father Swein only Cnut won't let his most trusted ealdorman go quite so easily He knows that for his fledgling kingship to survive he needs the old guard from the previous king's reign to add legitimacy to his own His new men the men who've followed him from Denmark know how to conquer but not how to rule the English And Cnut has his eye on an even bigger prize Leofric left

reeling by the murder of his older brother and with an aging father and dying mother turns his own thoughts to how he can uphold his family's position against the sudden and magnificent rise of the family of Godwin the newly promoted Earl of Wessex one of the men involved in the death of his brother As much as he feels ambivalent towards the new king he knows his family's position needs to grow or risk losing even more His father has sacrificed too much to allow a usurper to claim the position at the Witan that is rightfully his With Cnut's view increasingly focused on conquering and ruling the Scandinavian lands with dangerous arguments between the Scandinavian men threatening the stability of the Crown can the House of Leofwine survive the kingship of the new Danish king and keep its place at the heart of early eleventh century politics whether they want it or not *The English King* M J Porter, 2021-01-26 Book X in the epic Earls of Mercia Series England June AD1042 The last of King Cnut's sons is dead England is once more without a king but Harthacnut with an eye to the future made it clear before his death that Edward was to rule after him an English king of the House of Wessex for the first time in over two decades But while he might be English by birth Edward has spent much of the last twenty years in Normandy the birthplace of his mother To become king he might just have to rely on his mother and his earls to secure England for him aware that there are those mainly the Danes living in England who might welcome a Danish not an English king as their lord Those who won't want a return to the rule of the weak and ineffectual King thelred Edward's father Leofric and his son lfgar are once more thrust into the heart of the politics that rule England where the oath of a man or woman can mean much less than it should and where ambition could thrust England once more into war with the very enemy that has ruled England since the death of King thelred The second Viking age of England is over or is it Praise for The Earls of Mercia Series Love these books so close to historical fact they make you feel like you're almost transported there to the time and place Amazon Reviewer Brilliant as is the whole series of books especially if you like early Historical books Amazon Reviewer I have read all the books in the series so far and find the story and period very interesting Amazon Reviewer Really good read looking forward to the next book in the series enjoy the accuracy of the history contained in the book This is a fantastic series of books by an author who certainly knows his subject I was into the Roman invasions but am rapidly converting to the Britons Amazon Reviewer A must read for fans of Viking age England This promises to be a very good series of which I can't wait for the next installment Amazon Reviewer Intriguing well written stories about the early days of Great Britain between Alfred the Great and William the Conqueror at the time Athelred was King the story is written from the perspective of one of the emerging Earls who sits on the Witan counsel The time period shows the interplay between Great Britain and the Scandinavian countries Viking raiders as well Amazon.com Reviewer The Earls of Mercia Series The Earl of Mercia's Father The Danish King's Enemy Northman Part I Northman Part II The King's Earl The Earl of Mercia The English Earl The Earl's King Viking King The English King Side Stories Wulfstan Swein Cnut Lady Estrid ABOUT THE AUTHOR I'm an author of fantasy Viking age dragon themed and historical fiction Early English Vikings and the British Isles as a whole before the Norman
