Communities Magazine 13 March 1975 Spiritual Life In Community:

New Society ,1975 *The Church and Other Faiths* Douglas Pratt,2010 This book investigates the coming to be principal features and theological outcomes of interreligious dialogue as an activity of the World Council of Churches WCC and the Roman Catholic Church Vatican The embrace of dialogical engagement represents a dramatic departure from almost two millennia of hostile Christian regard toward other faiths The development of this phenomenon is outlined and explored with research focussed on the work of relevant offices of the WCC and the Vatican during the final four decades of the 20th century A principal task has been to construct a comparative narrative that provides the basis for a close analysis and assessment of policy and practice together with theological reflection and critique A hypothesis of three dimensions or theological moments that constitute a theology of dialogue has both informed and been tested by the undergirding research The conclusion suggests that the more inclusive term interfaith engagement today better encapsulates the ongoing field of concern action and theological reflection with respect to Christian relations to other religions and that a model of transcendental dialogue is now requisite for the future of this engagement **Yoga Journal** ,1983-03 For more than 30
