

The background of the cover features a woman with long, dark, wavy hair, seen from behind, wearing a black, form-fitting, sleeveless dress. She is holding a small, glowing blue orb in her right hand. The setting is a city at night, with a vibrant, colorful sky in shades of orange, red, and purple, suggesting a sunset or a magical event. The city lights are visible in the distance, and there are some falling particles or sparks in the air.

Small Press Record of Books in Print Len Fulton,1994 Los Angeles Magazine ,2004-06 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian **The 70%er Avoids Dark** Bonnie Baumgartner,2014-10-01 The question has never been how well you play with the DARK ones The question is can you WALK AWAY and AVOID engaging in the darkness embodied in a person place thing or event by having compassion for you FIRST Compassion and allowing is the creative force of light *Compassion for You* Bonnie Baumgartner M. Ed,Bonnie Baumgartner,2013-06-21 When you are aware of and own your suffering or confusion pain or feeling of isolation you are valuing and paying attention to you The more you know and understand about the self the more compassionate you become with you Self compassion means you hold greater light and can help others without your personal neediness or strings attached or running any hidden agendas Culturally our training has been to sacrifice and serve That has not succeeded in making a calm peaceful spiritual planet or population Suffering was designed to point out that there might be a better way This book points out some different points of perception to consider Please do not get confused compassion for you is NEVER about over eating collecting more stuff being abusive or suffering Those are all about wounds you are trying to hide from your awareness with an addiction or dark truths The healing and compassionate response would be for you to feel and own your pain and suffering it was your experience and part of you Own and feel it with compassion it is not wise to move in and live in your wounds We all originated in the highest vibration or the twelfth dimension and step by step we slowed our vibration down to the slow third dimension and stepped down light to form physical matter and being human Our decrease in vibration meant a reduction of our wisdom or memory division into male and female contrast or opposition creating victims and predators because so much of our focus was on keeping the biology alive Our change in focus made it much harder to extricate our self out of victim predator truths and beliefs At each slower level of vibration OUR thoughts and truths moved away from compassion and into survival That s why you hear some dark siblings parents or adults say they torment and abuse the young ones to toughen them up When we have lost compassion for the self we get meaner nastier and more fearful We loose sight of the larger picture and how it fits into our reality right now
