

Unpacking

The speakers are packed separately. With the exception of this document, which is packed in the left speaker box, the packaging is identical.

Each *large* box contains:

- ✓ 1 speaker panel in a sealed plastic bag

The *smaller* box attached to the large box contains:

- ✓ 1 speaker stand
- ✓ 4 bolts
- ✓ 4 nuts
- ✓ 2 glides

Be sure to save all packaging. If you need to return a speaker to your authorized dealer station for any reason, you will need this packaging.

NOTE: Please read the section titled "Placement" before unpacking the Amazing Loudspeakers.

1. Lay the boxes face up (i.e., printed side up), close to the spot where you intend to locate the speakers.

CAUTION: Before you begin unpacking the speakers, be sure that you don't have anything in your shirt or jacket pocket which could inadvertently fall out as you bend over the speakers. The ribbon drivers along the front edge of the speakers could be damaged if an object such as a pen or pencil fell on them.

2. Remove enough of the plastic bag around the bottom edge of each speaker to expose the brackets attached to the back of each speaker panel. (By leaving most of the speaker panel covered by the plastic wrap, you protect the speaker from damage during attachment of the speaker stand.)
3. Remove the foam packing. Lift up on the edge away from the ribbon drivers, and carefully turn the speaker over.

Assembly

1. Attach the speaker stand to the speaker panel as shown in Figure 1.
2. Remove the remaining packaging and raise the speaker to its standing position.
3. A layer of wax was applied to the speakers at the factory to protect the finish. When the speakers are fully installed, buff the finish with a soft cloth to remove fingerprints.
