

Desiderata

Go placidly amid the noise and the haste, and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons.

Speak your truth quietly and clearly; and listen to others, even to the dull and the ignorant, they too have their story. Avoid loud and aggressive persons; they are vexations to the spirit.

If you compare yourself to others, you may become vain and bitter; for always there will be greater and lesser persons than yourself.

Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time.

Exercise caution in your business affairs, for the world is full of trickery. But let not this blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism.

Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is as perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth.

Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with dark imaginings. Many fears are born of fatigue and loneliness.

Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore, be at peace with God, whatever you conceive him to be, and whatever your labors and aspirations in the noisy confusion of life, keep peace in your soul. With all its sham drudgery and broken dreams; it is still a beautiful world.

Be cheerful. Strive to be happy.

The Quest for Prosperity Raphael Sassower, 2017-10-11 Envisioning a different mode of economic relations requires a rethinking of the classical frames of references we commonly take for granted The implicit assumptions that we carry into critical debates are the stumbling blocks for finding useful solutions to age old economic problems And these impediments constrict our political imagination This book asks what are these frames of references How many of them are worthy of retaining while others might be discarded And what new framings should be adopted in order to bring about a less crisis prone and morally acceptable mode of human interaction Each chapter interrogates a different frame of reference including culturally embedded concepts of human nature scarcity and abundance markets and the human condition Examining their historical anchoring and the ways in which they have become confining for the realities of the postmodern world in which we currently live it is shown that they have become so familiar that they are assumed rather than critically examined in most discussions of political economy

Automated Acquisitions Amy Dykeman, Bill Katz, 2019-12-05 In this book first published in 1989 practicing librarians share their hands on experience with implementing various types of acquisitions systems and address planning considerations the blurring of roles between acquisitions and cataloguing staffing implications electronic record transmission and specialized functions of automated acquisitions systems These librarians reveal what they wish they knew when they began to implement their systems as well as what went right and wrong along the way Acquisitions librarians systems librarians and any professionals planning for an automated acquisitions system in their libraries will not want to miss the underlying excitement expressed by contributors as they re evaluate acquisitions work and redefine the role of the acquisitions librarian as a result of automated acquisitions systems [C/C++ Users Journal](#), 2001
