Design-build Contracting Handbook Robert Frank Cushman, Michael C. Loulakis, 2001-01-01 Covering all aspects of the design build delivery system this valuable guide presents the pros and cons and compares them with the traditional project delivery method You'll learn how to easily navigate the thicket of licensing considerations evaluate bonding and insurance implications and analyze the performance guarantees of the design build concept You also get practical suggestions for effective drafting of design build contracts *Design-Build* Andrew Thomas, 2006-05-19 Publisher description

Design-build Subsurface Projects Gary S. Brierley, David H. Corkum, David J. Hatem, 2010 Design Build construction has become so widely accepted that owners and their advisors must seriously consider this approach when making decisions about project delivery With its opportunities for cost containment and substantial risk transfer Design Build is increasingly becoming the delivery method of choice for owners with challenging funding limitations But deciding to use the Design Build system for underground projects is one thing successfully implementing it is quite another Design Build Subsurface Projects Second Edition can help bridge that gap First published in 2002 this cutting edge book provides a straightforward comprehensive look at how to make Design Build work on complicated projects involving tunnels highways dams and deep foundations The authors are a who's who of subsurface construction experts many of whom are key players in the most high profile and challenging projects in the world Drawing upon their wealth of practical experience they spell out a list of common sense best practices that can be used by today's project owners and designers Be advised these authors don't shy away from the many thorny issues of Design Build Nor are they unabashed cheerleaders They dispassionately explore both the advantages and disadvantages of this system which must be carefully weighed and evaluated so planners can decide

what is best for their projects based on all the important variables including third party impacts and environmental community concerns You ll find extensive information about procurement as well as risk allocation issues which are significantly different from the Design Bid Build approach Team structure agreements design development subsurface exploration geotechnical reports construction phase issues and insurance are also examined in great detail Design Build Subsurface Projects is an indispensable resource for owners engineers construction managers contractors and others involved in the design and construction of subsurface projects You ll gain a thorough understanding of how and why the system works and where the pitfalls can arise The authors years of experience will benefit even the most seasoned of practitioners

Learning from Our Buildings National Research Council,Board on Infrastructure and the Constructed Environment,Federal Facilities Council,2002-01-29 In 1986 the FFC requested that the NRC appoint a committee to examine the field and propose ways by which the POE process could be improved to better serve public and private sector organizations The resulting report Post Occupancy Evaluation Practices in the Building Process Opportunities for Improvement proposed a broader view of POEs from being simply the end phase of a building project to being an integral part of the entire building process The authoring committee recommended a series of actions related to policy procedures and innovative technologies and techniques to achieve that broader view In 2000 the FFC funded a second study to look at the state of the practice of POEs and lessons learned programs among federal agencies and in private public and academic organizations both here and abroad The sponsor agencies specifically wanted to determine whether and how information gathered during POE processes could be used to help inform decisions made in the programming budgeting design construction and operation phases of facility acquisition in a useful and timely way To complete this study the FFC commissioned a set of papers by recognized experts in this field conducted a survey of selected federal agencies with POE programs and held a forum at the National Academy of Sciences on March 13 2001 to address these issues This report is the result of those efforts

DesignBuild in Postcolonial Contexts: A Critical Interrogation Vera Simone Bader, In diesem Buch betrachten neun Autorinnen die Lernmethode DesignBuild im postkolonialen Kontext Anhand konkreter Beispiele wird die handlungsorientierte Vorgehensweise kritisch hinterfragt und evaluiert Dabei liegt ein Fokus auf den Auslandseins tzen europ ischer und US amerikanischer Studierender die in f r sie fremden Kulturen ihr frisch erworbenes Wissen aktiv einsetzen Es werden aber auch Projekte von Studierenden aus Lateinamerika Asien und Afrika dokumentiert und analysiert die diese Methode als Experimentierfeld nutzen um normative Regeln die h ufig noch heute von der Kolonisierung gepr gt sind in Frage zu stellen
