**The Drift** Kevin A. Hassett,2021-11-02

Kevin Hassett wasn t always a Trump supporter Before his surprising appointment as the top White House economist he took a dim view of the populist agenda and mercurial temperament of the man who had won control of the Republican Party But experience would soon change his mind As chairman of the President s Council of Economic Advisers Hassett helped Donald Trump bring about a golden age of prosperity in which Americans who had been left behind by decades of failed policy were given the opportunity to succeed The miracle lasted three years until a virus from China killed it Trump proved that a mix of free market principles and enlightened nationalism could revive the American economic dynamo Guided by an unlikely team of brilliant advisers and driven by his own force of will he recognized that Washington bureaucrats had undermined the American dream by inserting themselves into every aspect of the economy These experts were leading us down the path to socialism and Trump fought like mad to turn things around Enjoying not only direct access to the president but also his trust and respect Hassett was involved in almost every important policy debate After two

exhausting but successful years he stepped down from the CEA and returned to private life only to return as a special adviser on pandemic policy in 2020 The Drift offers a unique perspective on a pivotal presidency Unconnected and un beholden to Donald Trump Kevin Hassett came to the administration with a critical eye But working with Trump the president convinced him that this flawed leader might be the only man who could halt the drift toward a statist and moribund economy Filled with urgent lessons this book is essential reading as the drift resumes     **The Gift** Jennie Smith,2010     **T.E.A.
