Difficult Gospel The Theology Of Rowan Williams:

Difficult Gospel Mike Higton,2005-01-01 Rowan Williams is widely recognized as a creative and powerful theologian but his theological writings are frequently complex and difficult This book provides a clear and simple guide to all the main themes of his theology and shows how they are related to his reading of the Bible his careful and wide ranging engagement with the Christian tradition and his grappling with contemporary culture It shows how the Archbishop s ideas about peace or about popular culture about sexuality or about evangelism relate to his understanding of the nature of the life of God and the challenging good news of Jesus Christ This book is designed especially for those who have no formal training in theology or academic expertise but are interested in finding out more about what Rowan Williams stands for **Jesus in the Theology of Rowan Williams** Brett Gray,2016-11-17 Brett Gray traces the portrayal of Christ that emerges throughout Williams diverse writings including in his engagements with literature and philosophy What emerges is a vision of Jesus that grows from the roots of the Christian tradition but is pronounced in a contemporary idiom and sensitive to modern concerns Although attentive to the broad sweep of the Christian tradition Williams Christology is also seen in this book to be a particular British artefact shaped in dialogue with thinkers such as Donald MacKinnon and Gillian Rose What is ultimately brought to the surface in this work is the profoundly hopeful if frequently under pronounced eschatology underlying Williams Christology Jesus is the last word changing creation s possibilities and summoning it into an endless and vivifying journey

On Rowan Williams Matheson Russell,2009-01-01 Theologian poet public intellectual and clergyman Rowan Williams is one of the leading lights of contemporary British theology He has published over twenty books and one hundred scholarly essays in a distinguished career as an academic theologian that culminated in his appointment as Lady Margaret Professor of Divinity at Oxford University Williams left this post to serve in the Anglican Church first as Bishop of Monmouth then Archbishop of Wales before finally being enthroned in 2003 as the 104th Archbishop of Canterbury In this collection of essays a talented younger generation of Australian theologians critically analyzes the themes that bind together Williams s theology These sympathetic yet probing essays traverse the full breadth of Williams s work from his studies on Arius the Desert Fathers Hegel and Trinitarian theology to his more pastoral writings on spirituality sexuality politics and the Anglican Church

Abraham Heschel and the Phenomenon of Piety Joseph Harp Britton,2013-10-24 Piety is often regarded with a pejorative bias a pious person is thought to be overly religious supercilious even Yet historically the concept of piety has played an important role in Christian theology and practice For Abraham Heschel piety describes the contours of a life compatible with God s presence While much has been made of Heschel s concept of pathos relatively little attention has been given to the pivotal role of piety in his thought with the result that the larger methodological implications of his work for both Jewish and Christian theology have been overlooked Grounding Heschel s work in Husserl Dilthey Schiller and Heidegger the book explores his phenomenological method of penetrating the consciousness of the pious person in order to perceive the divine

reality behind it The book goes on to consider the significance of Heschel s methodology in view of the theocentric ethics of Gustafson and Hauerwas and the post modern context reflected in the works of Levinas Vattimo Marion and the Radical Orthodoxy movement **Theology and the Films of Terrence Malick** Christopher B. Barnett,Clark J. Elliston,2016-08-12 Terrence Malick is one of the most important and controversial filmmakers of the last few decades Yet his renown does not stem from box office receipts but rather from his inimitable cinematic vision that mixes luminous shots of nature dreamlike voiceovers and plots centered on enduring existential questions Although scholars have thoroughly examined Malick s background in philosophy they have been slower to respond to his theological concerns This volume is the first to focus on the ways in which Malick integrates theological inquiries and motifs into his films The book begins with an exploration of Malick s career as a filmmaker and shows how his Heideggerian interests relate to theology Further essays from established and up and coming scholars analyze seven of Malick s most prominent films Badlands 1973 Days of Heaven 1978 The Thin Red Line 1998 The New World 2005 The Tree of Life 2011 To the Wonder 2012 and Knight of Cups 2015 to show how his cinematic techniques point toward and overlap with principles of Christian theology A thorough study of an iconic filmmaker this book is an essential resource for students and scholars in the emerging field of religion and film Faith Rules Samantha R. E. Gottlich,Ian S. Markham,2016-02-01 This easy to use guide can be used as a confirmation resource in a new member class or adult study groups Ian Markham Dean and President of Virginia Theological Seminary introduces both the Christian faith and The Episcopal Church to the seeker and Episcopal laity in this indispensable manual Each page in Faith Rules is Episcopal wisdom set in concise straightforward language for anyone in the 21st century **Philosophy and the Burden of Theological Honesty** Donald MacKinnon,2011-06-23 This is a collection of writings of one of Britains most prominent theologian and thinker Donald M MacKinnon has been one of the most important and influential of post war British theologians and religious philosophers Generally eclectic frequently allusive usually intellectually generous persistently richly challenging and always astonishingly erudite he had a significant impact on the development and subsequent theological work of the likes of Rowan Williams Nicholas Lash David Ford and John Milbank A younger generation largely emerging from Cambridge but with influence elsewhere has more recently brought MacKinnon s normally occasionalist writing to a larger audience worldwide where it is beginning to receive noteworthy attention In this collection several of MacKinnon s most outstanding papers not yet published in book format is collected together with an Editorial Introduction by a former student of one of MacKinnon s own students They range from his reflections on theology as educational the nature of moral reasoning considerations of ecclesial practice dogmatics and hope Here is another reminder of MacKinnon s intellectual brilliance **SCM Core Text: Christian Doctrine** Mike Higton,2013-01-25 The SCM Core Text Christian Doctrine offers an up to date accessible introduction to one of the core subjects of theology Written for second and third year university students it shows that Christian Doctrine is not a series of impossible claims to be clung to with blind

faith Mike Higton argues that it is rather a set of claims that emerge in the midst of Christian life as Christian communities try to make enough sense of their lives and of their world to allow them to carry on Christian communities have made sense of their own life and the life of the wider world in which they are set as life created by God to share in God s own life They have seen themselves and their world as laid hold of God s life in Jesus of Nazareth and as having the Spirit of God s own life actively at work within them This book explores these and other central Christian doctrines and in each case shows how the doctrine makes sense and how it is woven into Christian life It will help readers to see what sense it might make to say the things that Christian doctrine says and how that doctrine might affect the way that one looks at everything the natural world gossip culture speaking in tongues politics dieting human freedom love High Noon justice computers racism the novels of Jane Austin parenthood death and fashion The Text in Play Mike Higton,Rachel Muers,2012-11-02 In The Text in Play Mike Higton and Rachel Muers conduct a series of experiments in the reading of Scripture They experiment in the first place with a form of Christian theological exegesis of the Bible that they call serious play a form of reading beyond the literal sense that is nevertheless serious about the ethical historical and textual responsibilities of the reader They experiment in the second place with the practice called Scriptural Reasoning in which Jews Christians and Muslims read and argue over their respective Scriptures together and argue that the practice makes deep sense for seriously playful Christian readers This constitutes the most detailed and developed account of Scriptural Reasoning yet published *Personhood and Christianity* Oliver Forshaw,2010-12-31 Making clear the Christian position that God s self revelation is through human nature the author gives an account of the way a person is formed as an individual in community from the moment of conception onward The research and teaching of Dr Frank Lake are explained drawing out the distinction between Lake s kind of psychodynamic therapy and psychoanalytical practices whether Freudian or Jungian The book is aimed at showing that Christian living and spirituality are properly focused on the non religious activity of God in the world and that the Church s mission requires the formation of worshipping congregations that are increasingly free of the defensive behaviours commonly encouraged by religion In Personhood and Christianity Forshaw makes a three fold approach Arguing that many of the practices and attitudes of the divided churches still make it difficult for people to understand Christianity Taking up proposals of leading theologians and therapists he discusses the kind of holiness in the midst of ordinary life that can lead to practical reform in parishes and contribute towards radical change in community life more widely The discussion focuses on emotional healing as a primary element in the Church s work and on the New Testament theology of the corporate Christ as key to the recovery of faith in the 21st century Stress is laid on the world directed purpose of the Eucharist through the ascended Jesus who is present everywhere Personhood and Christianity will be of great interest to all involved in Christian leadership and in the caring services of Church and society generally to those training for ministry and to everyone engaged in pastoral counselling and therapy
