Digging New Jerseys Past Historical Archaeology In The Garden State:

Digging New Jersey's Past Richard F. Veit, 2002 When people think of archaeology they commonly think of unearthing the remains of ancient civilizations in Egypt Greece Rome Central or South America But some fascinating history can be found in your own New Jersey backyard 3 4 if you know where to look Richard Veit takes readers on a well organized guided tour through four hundred years of Garden State development as seen through archaeology in *Digging New Jerseys Past* This illustrated guidebook takes readers to some of the states most interesting discoveries and tells us what has been learned or is being learned from them The diverse array of archaeological sites drawn from all parts of the state includes a seventeenth century Dutch trading post the site of the Battle of Monmouth the gravemarkers of freed slaves and a 1920s railroad roundhouse among others Veit begins by explaining what archaeologists do How do they know where to dig What sites are likely to yield important information How do archaeologists excavate a site How are artifacts cataloged stored and interpreted He then moves through the states history from the contact of first peoples and explorers to colonial homesteads Revolutionary War battlefields cemeteries railroads and factories Veit concludes with some thoughts about the future of archaeological research in New Jersey and with suggestions on ways that interested individuals can become involved in the field

Historical Archaeology of the Delaware Valley, 1600-1850 Richard Veit, David Orr, 2014-01-30 The Delaware Valley is a distinct region situated within the Middle Atlantic states encompassing portions of Delaware Pennsylvania New Jersey and Maryland With its cultural epicenter of Philadelphia its surrounding bays and ports within Maryland and Delaware and its conglomerate population of European settlers Native Americans and enslaved Africans the Delaware Valley was one of the great cultural hearths of early America The region felt the full brunt of the American Revolution briefly served as the national capital in the post Revolutionary period and sheltered burgeoning industries amidst the growing pains of a young nation Yet despite these distinctions the Delaware Valley has received less scholarly treatment than its colonial equals in New England and the Chesapeake region In *Historical Archaeology of the Delaware Valley 1600 1850* Richard Veit and David Orr bring together fifteen essays that represent the wide range of cultures experiences and industries that make this region distinctly American in its diversity From historic period American Indians living in a rapidly changing world to an archaeological portrait of Benjamin Franklin from an eighteenth century shipwreck to the archaeology of Quakerism this volume highlights the vast array of research being conducted throughout the region Many of these sites discussed are the locations of ongoing excavations and archaeologists and historians alike continue to debate the region s multifaceted identity The archaeological stories found within *Historical Archeology of the Delaware Valley 1600 1850* reflect the amalgamated heritage that many American regions experienced though the Delaware Valley certainly exemplifies a richer experience than most it even boasts the palatial home of a king Joseph Bonaparte elder brother of Napoleon and former King of Naples and Spain This work thoroughly based on careful archaeological examination tells the stories of earlier generations in the

Delaware Valley and makes the case that New England and the Chesapeake are not the only cultural centers of colonial America New Jersey in the American Revolution Barbara J. Mitnick,2007-03-12 This remarkably comprehensive anthology brings new life to the rich and turbulent late 18th century period in New Jersey Originally conceived for the state s 225th Anniversary of the Revolution Celebration Commission **American Archaeology Uncovers the Dutch Colonies** Lois Miner Huey,2010 Study American history through the artifacts of the Dutch colonies *Unhappy Catastrophes* Robert M. Dunkerly,2023-10-05 The Importance of the North River the Hudson and the sanguine wishes of all to prevent the enemy from possessing it have been the causes of this unhappy catastrophe So wrote General George Washington in 1776 as the British invaded New Jersey Worse was to come as the British overran the state and the Americans suffered one unhappy catastrophe after another Central New Jersey witnessed many small battles and important events during the American Revolution This area saw it all from spies and espionage to military encampments like Morristown and Middlebrook to mutinies raids and full blown engagements like Bound Brook Short Hills and Springfield The British had their own catastrophes too So did civilians caught in the middle In the fall of 1776 British forces drove the Americans out and secured the state Following the battles of Trenton and Princeton New Jersey became a battleground The spring of 1777 saw the formation of a new Continental Army one that served the rest of the war That spring British and American forces clashed in a series of small but sharp battles By summer British General Howe tried to lure Washington into a major engagement but the Americans avoided the trap As the conflict dragged on civilians became engulfed in the fray and a bitter civil war erupted continuing until the end of the conflict In *Unhappy Catastrophes* The American Revolution in Central New Jersey 1776 1782 Robert M Dunkerly follows the course of the war through its various phases and details lesser known battles military campsites raids espionage and more The book also includes historic sites to visit markers and websites for further research and study This part of New Jersey saw more action during the Revolution than anywhere else in the young nation and has been called the Cockpit of the Revolution To truly understand the war look at central New Jersey **Archaeologies of African American Life in the Upper Mid-Atlantic** Michael J. Gall,Richard F. Veit,2017-10-17 New scholarship provides insights into the archaeology and cultural history of African American life from a collection of sites in the Mid Atlantic *Separate Paths* Jean R. Soderlund,2022-07-15 Defending the Lenape homeland Seeking peace in Cohanzick County Protecting liberty and property the West New Jersey concessions Quaker colonization without violence or remorse Women ethnicity and freedom in southern Lenapehoking Forced separation enslaved blacks in the Quaker colony A different path defining Swedish and Finnish ethnicity *Historical Archaeology of the Revolutionary War Encampments of Washington's Army* Cosimo A. Sgarlata,David G. Orr,Bethany A. Morrison,2019-06-12 This volume presents recent archaeological and ethnohistorical research on the encampments trails and support structures of the Continental Army during the American Revolutionary War These sites illuminate the daily lives of soldiers officers and camp followers away from the more well

known military campaigns and battles The research featured here includes previously unpublished findings from the winter encampments at Valley Forge Pennsylvania as well as work from sites in Redding Connecticut and Morristown New Jersey Topics range from excavations of a special dining cabin constructed for General George Washington to ballistic analysis of a target range established by General von Steuben Contributors use experimental archaeology to learn how soldiers constructed their log hut quarters and they reconstruct Rochambeau s marching route through Connecticut on his way to help Washington defeat the British at Yorktown They also describe the underrecognized roles of African descendants Native peoples and women who lived and worked at the camps Showing how archaeology can contribute insights into the American Revolution beyond what historical records convey this volume calls for protection of and further research into non conflict sites that were crucial to this formative struggle in the history of the United States Contributors Cosimo Sgarlata Joseph Balicki Joseph R Blondino Douglas Campana Wade P Catts Daniel Cruson Mathew Grubel Mary Harper Diane Hassan David G Orr Julia Steele Laurie Weinstein [The Archaeology of New Netherland](#) Craig Lukezic, John P. McCarthy, 2025-03-18 This volume illuminates the influence of the Dutch empire in North America assembling evidence from seventeenth century settlements located in present day New York New Jersey Connecticut Pennsylvania and Delaware [Owning New Jersey](#) Joseph A. Grabas, 2014-09-23 Winner of the New Jersey Studies Academic Alliance Authors Award for Nonfiction New Jersey s land records and deeds are unlikely sources for a thrilling tale but reveal little known fascinating history A detailed story of the founding of the Garden State 350 years ago is preserved in these papers The state s boundaries were drawn in such documents centuries ago even if the authors never stepped foot in North America The archives hide heroes like the freed African Americans who fought for their right to own their piece of the state And of course there are the bizarre and mysterious tales like the silk baron s castle and the assault against a sixteen year old maiden during the throes of the American Revolution Join land title expert Joseph Grabas as he combs through these all but forgotten stories of the pursuit of happiness and property in early New Jersey
