

The background of the cover is a close-up of a woman's face, looking directly at the viewer. She has dark hair and green eyes. A sword is held horizontally across her face, with her hands gripping the hilt. The sword's blade is visible on the left, and the hilt is on the right. The woman is wearing a green and black plaid shirt. In the background, a stone castle or fortress is visible on a hill, with a body of water in the foreground. The overall tone is dramatic and action-oriented.

Desencuentros entre la policía y el público Francesc Guillén. Lasierra, 2019-07-01. La inmensa mayoría de los encuentros entre la policía y la ciudadanía son placenteros y satisfactorios para ambas partes tal como demuestran los resultados de las encuestas existentes en estos momentos. Sin embargo, cuando algunos de esos encuentros a causa de los múltiples factores que pueden incidir en ellos se complican y se acaba utilizando algún tipo de fuerza por una o ambas partes, las controversias que se originan pueden tener consecuencias notables de cara a la opinión pública y para las relaciones de la policía con el público, relaciones vitales para la legitimidad policial en un estado democrático. Las discusiones en relación a estos desencuentros suelen ser muy viscerales y adolecen de fundamentos sólidos. De hecho, no hay en nuestro contexto estudios solventes sobre los factores que inciden en la aparición de tensión en los encuentros entre la policía y los miembros del público. Es necesario por tanto identificar tan detalladamente como se pueda los factores personales, sociales, culturales y contextuales que pueden influir en la actitud y la conducta tanto de la policía como de los ciudadanos con los que interactúan. Este libro pretende ser un primer intento tanto de identificar con alguna precisión los factores más relevantes como de determinar algunos criterios a seguir para una buena gestión de estos encuentros de manera que el número de ellos que son satisfactorios aumenten y los que resultan conflictivos reduzcan los

niveles de tensión y de violencia Con esta finalidad la obra pasa revista a toda la literatura criminológica existente al respecto que no es precisamente poca que también incluye experiencias de gestión que han mostrado algunos efectos positivos En todo caso al acabar la lectura de la obra el lector ha de poder visibilizar un escenario claro tanto de los actores y sus características como de las causas que facilitan el buen o el mal desarrollo de los encuentros de la policía y el público de manera que esté en condiciones de analizar nuevos incidentes entre ciudadanos y policía a la luz de parámetros menos pasionales y más empíricos a fin de discernir si hubo una gestión adecuada de la situación o si por el contrario no se tuvieron en cuenta factores relevantes o no se utilizaron recursos que estaban disponibles El ámbito material es muy extenso casi infinito y por tanto aquí únicamente se lleva a cabo un primer estado de la cuestión que eso sí ya pueda orientar a los operadores de policía y de seguridad sobre cómo mejorar la gestión y que también sirva de punto de partida a nuevas investigaciones empíricas que profundicen sobre las diversas problemáticas descritas en este trabajo y nos mejoren la información disponible para su gestión
