Dominoes (Reprint Edition) F. W. Lewis, 2016-06-03 This classic British manual to domino games was first published in 1915 It gives instructions for a variety of games that can be played with dominoes From a 1916 review This little book gives thoroughly an insight into the more skilful of domino games and will be found a decided help to those who wish to improve their knowledge

Dominoes for Complete Beginners Robert Ticker, 2021-01-17 There are a variety of types of domino sets in use all over the world and a great number of games that can be played with them Following are the rules for the two most commonly played games in the West the standard or Block game and the Draw game The instructions describe the games played with the standard or double six domino set comprising 28 tiles but both games can be played with a double nine or a double twelve set In British pubs these are also the most common games which are often played by four players as two sets of partners sitting opposite each other The dominoes are ritually shuffled face down in circles with the flat of the hand producing a sound that has been familiar down the centuries Each player draws 6 dominoes and places them so that the other players can't see their value The traditional English pub method of doing this is face down in two rows of three so that all six can be picked up with both hands looked at and returned leaving the other hand free for the equally important business of drinking a pint Beginners can just place them on their edge in a row facing them Remaining dominoes are termed sleeping tiles The first person to play is that person holding the double six or failing that the double five and so on The tile played must be the double tile that permitted the player to take the first turn If none of the players hold a double then the tiles are reshuffled and re drawn Get your copy today by scrolling up and clicking Buy Now to get your copy today

Mexican Train Dominoes for Complete Beginners Robert Ticker, 2021-01-17 Masters Traditional Games has given below the version of the rules to Mexican Train Dominoes that we believe are the most straightforward elegant and which minimise the chance of repetitive or tedious elements of play These should be easy to learn but contain all of the necessary ingredients for classic Mexican Train Dominoes In summary we think our version of the rules are the most fun Mexican Train Dominoes are played with a standard set of Double Twelve dominoes Each set has 91 dominoes and we recommend that dominoes with coloured spots are used because otherwise it becomes difficult to match dominoes at a glance Unlike most other games of dominoes Mexican Train requires some other equipment Firstly a special hub is used that has a slot in the middle for the starting double and 8 slots around its edge to start each domino train Hubs range from expensive manufactured items that go Toot Toot when pressed to home made efforts that take only a couple of minutes to cut out from a piece of cardboard Each time a player places a domino on the table in Mexican Train it must conform to normal domino play i e The domino must be placed so that one end is touching the end of a domino already on the table and such that the end of the new domino matches shows the same number of dots the end of domino it is adjacent to Unless the tile is a double the tile can be placed square in any one of the three directions as long as the two matching sides are touching fully Get your
