Comprehension Toolkit Grades 2 Lesson Plans:

Monitor Comprehension with Primary Students Anne Goudvis, Stephanie Harvey, 2010-08-10 Children are eager to find out what's in the world and how it works. Kids are ready to work hard not because we motivate them but because they want to know stuff. As teachers we can draw on all the curiosity energy and comprehending experience that kids bring to school and we systematically link it to the skills and strategies that more experienced learners use. People too often underestimate what primary kids can do. But in *The Primary Comprehension Toolkit* we start high and go higher. Stephanie Harvey lives from the classroom video footage and slideshows of an active literacy classroom and strategy instruction in science and social studies. Video clips are free for 6 months upon registration. You must register within 6 months of purchase. Learn more about these resources and the Toolkit series at www.comprehensiontoolkit.com. This pack is part of *Firsthand's Getting Started* series. Bridging the gap between educational theory and practice, *Firsthand* classroom materials model the carefully crafted techniques and language of master teachers in ways that help teachers refine their practice and reinvent their own teaching. The most comprehensive of these resources span more than a year of instruction. *Firsthand's Getting Started* Packs were created for teachers in training and professional book study groups who want a compact, affordable way to study and try out these transformative classroom materials. Each *Getting Started* Pack includes an overview book, a complete unit of study, online video clips provided free of charge for 6 months, and an accompanying study guide. *Getting Started* packs include: Launch a Primary Writing Workshop Grades K-2, Launch an Intermediate Writing Workshop Grades 3-5, Launch an Intermediate Reading Workshop Grades 3-5, Introduce the Qualities of Writing Grades 3-6, *Monitor Comprehension with Primary Students* Grades K-2, *Monitor Comprehension with Intermediate Students* Grades 3-6, Investigate the Number System Grades K-3, Investigate Multiplication Grades 3-5, Investigate Fractions Grades 4-6.

Staff Development with the Comprehension Toolkits Stephanie Harvey, Anne Goudvis, Angela Butler, 2011 This staff development resource helps coaches and administrators maximize teacher effectiveness through collaborative and collegial staff development. Stephanie Harvey, Anne Goudvis, and Angela Butler Schrodin Teachers matter. Effective comprehension instruction is more than a handful of reading strategies. As critical as these strategies are, Stephanie Harvey and Anne Goudvis have long held that it is the teacher who makes the difference. *Staff Development with The Comprehension Toolkits* builds on this understanding in a unique collaboration with Angela Butler Schrodin, the district reading specialist who helped implement *The Comprehension Toolkit* series across Hillsborough County, Florida, one of the largest school districts in the United States. Designed for literacy coaches, reading specialists, and administrators, this multimedia resource offers an insider's view of how Angela and others in her district supported teachers as they launched comprehension instruction and sustained active literacy practices. Framed around five coaching structures: workshops, study groups, demonstration teaching, co-teaching, and one-to-one coaching, each of the seven core chapters describes how to plan staff development around the foundational ideas and practices that shape
