Jurisprudence New York University. Criminal Law Education and Research Center,1991 *Jurisprudence Lecture Notes* Peter Curzon,1998-12 The Cavendish Law Cards cover the broad range of subjects available on the undergraduate law programme as well as on the CPE Diploma in Law course Each one of the Cavendish LawCards is a complete pocket sized guide to key examinable areas of the law syllabus Their concise text user friendly layout and compact format make the Cavendish LawCards ideal revision aids for identifying understanding and committing to memory the salient points of each topic Law and Gender Joanne Conaghan,2013-08-22 What role does gender play in shaping the law and legal thinking

This book provides an answer to this question examining the historical role of gender in law and the relevance of gender to modern jurisprudence It presents a clear concise introduction to thinking about gender issues for lawyers and law students

Due Process and International Terrorism Roza Pati,2009 Acts of terror on a global scale are straining to the breaking point the due process guarantees of the legal systems of modern democracies In unequalled breadth and depth this book analyzes the rights of persons suspected of a crime in normal times and emergencies from the pre trial phase to the trial and the post trial period under all the universal and regional human rights treaty regimes pertinent customary international law general principles of law international humanitarian law as well as the hybrid procedures developed by international criminal tribunals The book then presents a detailed analysis of United States due process guarantees in peacetime and in war and the executive legislative and judicial responses to the attacks of September 11 2001 Professor Pati appraises the American actions in terms of international law s due process guarantees and proposes courses of action which can better defend a public order of human dignity **Legal Fictions in International Law** Reece Lewis,2021-06-25 This innovative book extensively probes and reveals the existence of legal fictions in international law developing a theory of their effectiveness and legitimacy Reece Lewis argues that since legal fictions exist in all systems and types of law international law is no different and deserves discrete detailed examination *Lex Populi* William P. MacNeil,2007 This is a book about jurisprudence or legal philosophy The legal philosophical texts under consideration are to say the least unorthodox Tolkien Buffy the Vampire Slayer Harry Potter Million Dollar Baby and other cultural products are all referenced as exemplary instances of what the author calls lex populi people s or pop law There more than anywhere else will one find the leading issues of legal philosophy These issues however are heavily coded for few of these pop cultural texts announce themselves as expressly legal Nonetheless Lex Populi reads these texts jurisprudentially that is with an eye to their hidden legal philosophical meanings enabling connections such as Tolkien s Ring as Kelsen s grundnorm vampire slaying as legal language s semiosis Hogwarts as substantively unjust and a seriously injured young woman as termination s rights bearer In so doing Lex Populi attempts not only a jurisprudential reading of popular culture but a popular rereading of jurisprudence removing it from the legal experts in order to restore it to the public at large a lex populi by and for the people **Lesotho**

Law Journal ,2001 *Parental Rights and Responsibilities* Stephen Gilmore,2017-07-05 This volume represents key scholarship on the issue of parental rights and responsibilities selected from a dense forest of literature The collection offers an overview of the subject and covers topics such as underlying rationales of who or what is a parent legal concepts of parent and their linkage the legal parent accommodating complexity the nature and scope of parental rights shared parental responsibility and parental rights and the state **Jurisprudence** Cavendish Publishing Staff,Routledge-Cavendish,2002 Cavendish LawCards are complete pocket sized guides to key examinable areas of the law for both undergraduate and PGDL courses Their concise text user friendly layout and compact format make Cavendish LawCards the ideal revision aid for identifying understanding and committing to memory the salient points of each area of law *Cross-border Internet Dispute Resolution* Julia Hörnle,2009-02-12 This book examines how existing arbitration procedures can be adapted to cope with disputes stemming from internet transactions
