Cargo Access Equipment for Merchant Ships Ian Lyon Buxton, R. P. Daggitt, John King, 1979 **Cargo Access Equipment for Merchant Ships** I. L. Buxton, R. P. Daggitt, J. King, 1978-01-01 *Cargo Access Equipment for Merchant Ships* ICHCA Staff, 1988-01-01 Cargo Access Equipment for Merchant Ships Ian Lyon Buxton, 2012-12-06 As President of International MacGregor I am deeply indebted to the authors of this excellent book for the very considerable amount of work and scholarship it contains. It is the first authoritative work on cargo access equipment to be published and I am sure that it will be greatly welcomed by the Marine Industries. You will see from the authors' preface that the book was commissioned by the Henri Kummerman Foundation which was established in 1976 to assist and promote international research and development in the field of marine transportation and cargo handling. The Foundation has already made a number of grants to universities and to students but this book is its first major contribution to the furthering of education in the Marine Industries. For me it is a rewarding fruition of a long involvement in maritime affairs. However much requires to be done in the future and the Foundation can only succeed if it is encouraged and assisted by people who are forward thinking. I should be pleased therefore to hear from any readers of this book if they feel that they can help or be helped within the aims and objectives of the Foundation. 28 Chemin du Pommier HENRI KUMMERMAN 1218 Geneva Switzerland Cargo Access Equipment for Merchant Ships I L Buxton (R P Daggitt and J King), 1978 *Cargo access equipment for merchant ships..* Ian Lyon Buxton, 1978 *Shipboard Operations* H I Lavery, 2013-10-11 This book covers the knowledge of shipboard operations required by candidates for professional qualification as Chief Officer and Master Mariner. It deals with the basic routines and procedures and the many regulations governing their use for the safe and efficient operation of merchant ships. The book is also designated a fundamental text for the Maritime Transport paper of the Chartered Institute of Transport's membership examinations. The second edition takes into account recent developments in technology and regulation and in particular covers major international legislation on Safety of Life at Sea and on Maritime Pollution as well as recent UK regulations on occupational health and safety and on operation of ro ro ferries **Maritime Economics** Alan Branch, Martin Stopford, 2013-04-15 Now in its second edition *Maritime Economics* provides a valuable introduction to the organisation and workings of the global shipping industry. The author outlines the economic theory as well as many of the operational practicalities involved. Extensively revised for the new edition, the book has many clear illustrations and tables. Topics covered include an overview of international trade, Maritime Law, economic organisation and principles, financing ships and shipping companies, market research and forecasting **Maritime Economics 3e** Martin Stopford, 2008-12-19 Combining a sophisticated historical and theoretical analysis of the shipping industry with a practical explanation of all aspects of the shipping industry, this third edition is essential reading for students and professionals with an interest in this area.
