Comment Rabbins Font Enfants Transmission:

Comment les rabbins font les enfants Delphine Horvilleur, 2015-10-14 A l'heure des replis communautaires et des identités figées que signifie appartenir et transmettre Contrairement ce qu'affirment tous les fondamentalismes la transmission d'un héritage ne doit pas être une réplique identique Elle dépend d'une infidélité partielle garante de surgissements inattendus aujourd'hui comme hier Mariage filiation et rupture la tradition juive ne se renouvelle qu'en tant qu'elle est bousculée et nourrie par sa rencontre avec d'autres cela implique l'ouverture à l'étranger ainsi que l'ouverture au féminin Cet ouvrage est donc d'abord un plaidoyer pour une religion matricielle qui la manière dont un utérus est un lieu de fertilisation Les textes sacrés eux-mêmes y sont fondés par des lectures inédites Illustrant brillamment cette vision ouverte de la religion Delphine Horvilleur revisite loin des interprétations convenues quelques épisodes fameux de la Genèse notamment Adam et Eve Caïn et Abel l'histoire biblique des premiers parents et des premiers enfants de l'humanité Elle montre aussi sa capacité repenser les grands problèmes contemporains partir de la tradition rabbinique Trois thèmes sont successivement abordés Comment selon le judaïsme se fabriquent un parent une identité et un descendant c'est-à-dire la possibilité d'enfanter l'avenir Procédant avec clarté et humour citant aussi bien Émile Ajar et Amos Oz que la Genèse et le Talmud elle conclut son livre par une analogie entre le Texte et le féminin dotés d'une même capacité de croquer et de multiplier Gender, Families and Transmission in the Contemporary Jewish Context Martine Gross, Sophie Nizard, Yann Scioldo-Zurcher, 2017-05-11 Bringing together social science researchers from France Israel the United States Belgium and Switzerland this book analyses contemporary Jewishness within the constant dialectic between faithfulness to Jewish tradition and culture and adherence to the values of modernity and democracy Systems of family and gender normativity have durably influenced the traditional Jewish universe but the norms and the institutions that embody them are today shaky Individualization the essence of modernity is at work in the Jewish world as it is elsewhere and new identities are emerging and question the transmission of Jewish identities and traditions The contributions here highlight the contrasting experiences of societies in the Diaspora and in Israeli society societies that are different yet sometimes very close because of tensions around religious and identity boundaries As such this book revisits the relationship to the other and the conditions for an alliance among people a notion dear to Judaism *Euh... Comment parler de la mort aux enfants* Delphine Horvilleur, 2025-04-02 Ils virent heureux et eurent beaucoup d'enfants La phrase qui conclut les contes réservés aux enfants lude une vérité vidente et douloureuse les personnages vieilliront perdront des gens qu'ils aiment tomberont malades et mourront Alors pourquoi le cacher Que dire un enfant ou un adolescent qui se trouve démunie face à la perte Pour nous aider trouver nos propres réponses d'adulte Delphine Horvilleur puise dans les textes de la tradition dans son expérience de rabbin qui accompagne des familles endeuillées dans les rituels ancestraux ou contemporains dans son expérience personnelle et même l'observation de la nature Un livre touchant sur un tabou dans un tabou la mort explique aux enfants Une mission laquelle Delphine Horvilleur s'attelle avec délicatesse J

Gouverner l'islam en France Franck

Frégosi, 2025-01-31 T00:00:00+01:00 La question de la compatibilité de l'islam avec la République oriente nombre de débats en France depuis des décennies Elle voile pourtant une réalité qu'on n'interroge pas le culte musulman est gouverné par l'état L'encadrement de l'expression et de la diffusion de l'islam est en effet l'objet de politiques publiques depuis l'Algérie coloniale Dans l'Hexagone la sécularisation progressive des populations musulmanes issues de l'immigration puis la montée de l'islamisme l'ont continuellement renforcé Alors que les attentats des années 2010 polarisent les débats son sujet ce livre questionne l'efficacité d'une telle gouvernance grâce à une analyse inédite de ses logiques et de ses acteurs publics et privés scolaires et religieux Si l'état impose règles et contraintes il est aussi en quête de partenaires musulmans susceptibles de les relayer Sont ainsi promus des auxiliaires religieux officiels réputés loyaux et un islam discret moderne et républicain Cette interprétation de la religion musulmane légitimée par quelques experts engagés conduit cependant à disqualifier toutes ses autres expressions comme les paratistes et à nier son indépendance pourtant minime souhaitable vis-à-vis de la puissance publique Fondé sur une formidable connaissance du terrain cet essai pose ainsi une question inattendue la religion ne resterait-elle pas en France une sacrée affaire d'état en dépit d'une laïcité proclamée

FRANCK FRÉGOSI est directeur de recherche au CNRS UMR Groupe Sociétés Religieuses Laïcité Spécialiste des questions d'organisation de l'islam en France il étudie les politiques publiques du religieux en situation de sécularisation et enseigne Sciences Po Aix Il a notamment publié *Penser l'islam dans la laïcité* Fayard 2008
