Commercial Real Estate Investment A Strategic Approach

David Isaac, John O'Leary

Commercial Real Estate Investment A Strategic Approach:

Commercial Real Estate Investment Andrew Baum, 2009 This book uniquely combines academic literature and practical experience to provide a straightforward and integrated view on global real estate investment for pension funds other institutions and professionals Thanks to growing investment in commercial property research property investment has become better understood and better managed than ever before Many of the problems associated with property investment in the 1980s have found workable solutions through better understanding and management We can now say that the measurement benchmarking forecasting and quantitative management techniques applied to property investments are comparable with other asset classes Unfortunately these techniques were not enough to help investors avoid the crash of 2007 2009 We can hope that in the hands of the next generation of investment managers advisors and analysts the approaches described in these pages will help to provide a foundation for a responsible and professionally guided recovery Designed for practitioners facing the tough global market challenges this book provides a fascinating read for fund managers investors banking staff property advisors and advanced level students Commercial Real Estate Investment Andrew E. Baum, 2009 Real Estate Investment Andrew Baum, 2015-05-20 Real Estate Investment A Strategic Approach provides a unique introduction to both the theory and practice of real estate investing and examines the international real estate investment industry as it reacts to the global financial crisis Andrew Baum outlines the market and the players who dominate it the investment process the vehicles available for investment and a suggested approach to global portfolio construction The book contains many useful features for students including discussion questions a full further reading list and case studies drawing on international examples from the UK continental Europe the USA and Asia Ideal for undergraduate and postgraduate students on all real estate and property courses and related business studies and finance courses Real Estate Investment is designed to provide a foundation for the next generation of investment managers advisers and analysts Further resources for lecturers and students are available at www.routledge.com/cw/baum **Core-Real Estate Investments in times of crisis: Exemplified by the Frankfurt and London office market** David A. Pieper, 2013-06-01 Currently the crisis situation is driving the real estate markets around the world Mainly in focus are so called core real estate investments the most stable nicest looking most rented out and most ideally located investments With these investments investors intend to eliminate almost all risks But are they really able to do so This book takes a closer look at the asset class and investment strategy core and tries to promote a clearer understanding of what core really is and what requirements this investment category has to fulfill Furthermore a new definition has been developed to narrow down a globally working definition throughout all asset types but mainly focusing on offices exemplified by the London and Frankfurt commercial real estate market In further chapters risks around the core strategy are analyzed and the current and past crisis situation's connection with these investments is discussed This work is intended to help all real estate professionals such as investors fund

managers financial experts and all professionals having to do with major core real estate investments around the world who would like to get a clearer and more precise comprehension of the matter Real Estate and Urban Development in South America Claudia Murray,Eliane Monetti,Camilla Ween,2017-12-14 Real Estate and Urban Development in South America uncovers how investors are navigating South American real estate markets in commercial residential and infrastructure development A preferred location for real estate development during the colonial era in recent decades South America has been seen as high risk for global real estate investors This book explores the strengths and weaknesses of real estate markets in the region concluding that with careful implementation of the correct development strategies the region can once again take its place at the centre stage of global real estate investment Comparing the economics and market maturity of South American countries in turn the authors draw out the particular contexts in which investors and developers operate in mature and emerging markets Bridging the gap between theory and practice analysis of local development policies legislation valuation methods and taxation is supplemented with case studies from key players in the region s major cities The first full overview of real estate markets in South America this book will be an essential guide for investors policy makers academics and students with an interest in this this rapidly evolving region Real Estate Concepts Ernie Jowsey,2014-07-11 The essential reference tool for all real estate property planning and construction students Real Estate Concepts provides built environment students with an easy to use guide to the essential concepts they need to understand in order to succeed in their university courses and future professional careers Key concepts are arranged defined and explained by experts in the field to provide the student with a quick and reliable reference throughout their university studies The subjects are conveniently divided to reflect the key modules studied in most property real estate planning and construction courses Subject areas covered include Planning Building surveying Valuation Law Economics investment and finance Quantity surveying Construction and regeneration Sustainability Property management Over the 18 alphabetically arranged subject specific chapters the expert contributors explain and illustrate more than 250 fully cross referenced concepts The book is packed full of relevant examples and illustrations and after each concept further reading is suggested to encourage a deeper understanding This book is an ideal reference when writing essays assignments and revising for exams Real Estate Wisdom Elias Hartley,2025-01-03 Real Estate Wisdom 100 Experts Share Their Best Advice by Elias Hartley is an essential guide for both novice and seasoned real estate investors This comprehensive resource distills the collective wisdom of 100 industry experts offering invaluable insights into the dynamic world of real estate From setting investment goals and managing risks to leveraging technology and understanding global markets this book covers every aspect of real estate investing Each chapter delves into a specific topic providing practical strategies real world examples and expert advice to help you navigate market fluctuations maximize rental income and build a resilient portfolio You ll learn how to identify emerging trends make informed decisions and implement sustainable practices that meet the needs of diverse demographic
