of what it means to cut ties to toxic family abuse and thrive in the aftermath Inside Dr Sherrie Campbell clarifies How parents adult children siblings grandparents and in laws can be toxic The difference between flawed and toxic family members Explaining the cutting of ties to children and others who may not understand Spiritual and religious views on forgiveness The definition of cutting ties and what No Contact actually means When readers are able to bring closure to those toxic relationships they give themselves the space to love those family members from a distance as fellow human beings with the knowledge that it is unwise to remain connected Readers learn how to love themselves in the process and fundamentally change their lives for the better

Selfish Women Lisa Downing, 2019-05-24 This book proceeds from a single and very simple observation throughout history and up to the present women have received a clear message that we are not supposed to prioritize ourselves Indeed the whole question of self is a problem for women and a problem that issues from a wide range of locations including in some cases feminism itself When women espouse discourses of self interest self regard and selfishness they become illegible This is complicated by the commodification of the self in the recent Western mode of economic and political organization known as neoliberalism which encourages a focus on self fashioning that may not be identical with self regard or self interest Drawing on figures from French US and UK contexts including Rachilde Ayn Rand Margaret Thatcher and Lionel Shriver and examining discourses from psychiatry media and feminism with the aim of reading against the grain of multiple orthodoxies this book asks how revisiting the words and works of selfish women of modernity can assist us in understanding our fraught individual and collective identities as women in contemporary culture And can women with politics that are contrary to the interests of the collective teach us anything about the value of rethinking the role of the individual This book is an essential read for those with interests in cultural theory feminist theory and gender politics
