Ccure Security Software Manual:

Guide to Computer Viruses Robert Slade, 2012-12-06 For those who didn't buy the first edition welcome aboard For those who did buy the first edition welcome back and thanks for making the second edition possible For those who bought the first edition and are standing in the book store wondering whether to buy the second what's in it for you Well for one thing it's smaller No no Don't leave I tried to make the first edition a kind of master reference for antiviral protection That meant I included a lot of stuff that I thought might possibly be helpful even if I had some doubts about it This time I've tried to be a little more selective I've added a little more material to Chapter 4 Computer Operations and Viral Operations dealing with the question of computer viruses infecting data files and the new macro viruses I've added two new sections to Chapter 7 The Virus and Society One looks at the increasing problem of false alarms while the other looks at the ethics of virus writing and exchange

Official (ISC)2 Guide to the CISSP CBK Steven Hernandez CISSP, 2009-12-22 With each new advance in connectivity and convenience comes a new wave of threats to privacy and security capable of destroying a company's reputation violating a consumer's privacy compromising intellectual property and in some cases endangering personal safety This is why it is essential for information security professionals to stay up to date
