Delphi Orakel Zentrum Antiken Kulturpsychologische:

Delphi - das Orakel Gerhard Oberlin, 2015-07 **The Road to Delphi** Michael Wood, 2004-12-31 We may think that consulting oracles was an activity that died out many hundreds of years ago but as Michael Wood demonstrates there are many different types of oracle both past and present existing in many different cultures This book now available in paperback is described as a collection of stories and commentaries from a wide variety of sources although inevitably there is much discussion of the ancient Greco Roman world In it Wood examines what an oracle is how they perform the types of questions asked the answers received and how these are interpreted Rather than a mere discussion of source material on the subject of oracles Wood interweaves the past and present and probes anthropologically into human minds and actions The Road to Delphi combines vivid storytelling and perceptive analysis to give a sympathetic and entertaining account of humanity's persistent belief in signs
