The patient, a 47-year-old male with adenoma of the prostate, is being treated in the outpatient surgery suite. The urologist inserts an endoscope in the penile urethra and dilates the structure to allow instrument passage. After endoscope placement, a radiofrequency styllet is inserted, and the diseased prostate is excised with radiant energy. Bleeding is controlled with electrocoagulation. Following instrument removal, a catheter is inserted and left in place. Which of the following code sets will be reported for this service?

The Real Citrix CCA Exam Preparation Kit Shawn Tooley, 2009-05-18 The Citrix Certified Administrator CCA credential is the first tier of Citrix certification. The CCA is most often sought out by IT professionals whose networks employ Citrix virtualization technology and for those IT professionals who are seeking a broad base of general network expertise. The number of CCAs is estimated at between 65 and 70K up from 45 000 in 2003. Citrix recently released a new version of its most popular product XenApp formerly Presentation Server. This new version is fully compatible with Windows Server 2008. To retain their CCA credential all current CCAs will need to upgrade to the new software. This will be particularly important to those companies enrolled in Citrix partner programs as current certification is a requirement of the program. When packaged with practice exams this prep kit will offer an affordable effective solution for CCA certification and re certification. Complete exam prep package includes full coverage of new XenApp 5.0 objectives. Authored by a Citrix expert with hundreds of implementations to his credit. This preparation kit can also be used as a reference guide for administrators who need to integrate XenApp 5.0 with their networks. About 550 registrants from 51 different countries attended the Seventh Ottawa Conference on Medical Education and Assessment in Maastricht. We received 525 abstracts for the conference divided in thematic poster sessions and platform presentations. Organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous Ottawa conferences. During and after the conference about 250 papers were submitted for publication in the conference proceedings leaving us little time for a post conference depression. Despite the large number of papers the editors have attempted to review and edit the papers as care fully as possible. Occasionally however correspondence exceeded reasonable deadlines preventing careful editing of a small number of the papers. Although we felt that our editorial task was not quite finished we nevertheless decided to include these papers. We thank the many authors for their enthusiastic and prompt response to occasionally tedious editorial suggestions and requests. We are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education. The editors want to thank Jocelyn Flippo
