Collected Maxims And Other:

Collected Maxims and Other Reflections Fran[^]cois de La Rochefoucauld, 2008-05-08 Our virtues are most often only vices in disguise Deceptively brief and insidiously easy to read La Rochefoucauld's shrewd unflattering analyses of human behaviour have influenced writers thinkers and public figures as various as Voltaire Proust de Gaulle Nietzsche and Conan Doyle The author gave himself the following advice The reader's best policy is to assume that none of these maxims is directed at him and that he is the sole exception After that I guarantee that he will be the first to subscribe to them This is the fullest collection of La Rochefoucauld's writings ever published in English and includes the first complete translation of the *Reflections* *diverses* *Miscellaneous Reflections* A table of alternative maxim numbers and an index of topics help the reader to locate any maxim quickly and to appreciate the full range of La Rochefoucauld's thought on any of his favourite themes such as self love vice and virtue love and jealousy friendship and self interest passion and pride ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Latin Maxims and Phrases, Collected from the Institutional Writers on the Law of Scotland and Other Sources with Translations and Illustrations John Trayner, 1894

The Ethics of Epicurus and its Relation to Contemporary Doctrines Jean-Marie Guyau, 2021-09-09 This is the first English translation of a compelling and highly original reading of Epicurus by Jean Marie Guyau This book has long been recognized as one of the best and most concerted attempts to explore one of the most important yet controversial ancient philosophers whose thought Guyau claims remains vital to modern and contemporary culture Throughout the text we are introduced to the origins of the philosophy of pleasure in Ancient Greece with Guyau clearly demonstrating how this idea persists through the history of philosophy and how it is an essential trait in the Western tradition With an introduction by Keith Ansell Pearson and Federico Testa which contextualizes the work of Guyau within the canon of French thought and notes on both further reading and on Epicurean scholarship more generally this translation also acts as a critical introduction to the philosophy of Guyau and Epicurus

The Passions of the Soul and Other Late Philosophical Writings René Descartes, 2015-11-12 Those most capable of being moved by passion are those capable of tasting the most sweetness in this life Descartes is most often thought of as introducing a total separation of mind and body But he also acknowledged the intimate union between them and in his later writings he concentrated on understanding this aspect of human nature *The Passions of the Soul* is his greatest contribution to this debate It contains a profound discussion of the workings of the emotions and of their place in human life a subject that increasingly engages the interest of philosophers and intellectual and cultural historians It also sets out a view of ethics that has been seen as a radical reorientation of moral philosophy This volume also includes both sides of

the correspondence with Princess Elisabeth of Bohemia one of Descartes's keenest disciples and shrewdest critics which played a crucial role in the genesis of *The Passions* as well as the first part of *The Principles of Philosophy* which sets out the key positions of Descartes's philosophical system

ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Stevie Smith and the Aphorism Noreen Masud, 2023-01-23 Explores the literature of Stevie Smith with particular emphasis on the importance of the aphorism a short witty saying which expresses a general truth It argues that the aphorism offers Smith a means of managing emotional statements in her work enabling her to make and make light of sincere or dramatic communications

The Oxford Handbook of Law and Humanities Simon Stern, Maksymilian Del Mar, Bernadette Meyler, 2020 How might law matter to the humanities How might the humanities matter to law In its approach to both of these questions *The Oxford Handbook of Law and Humanities* shows how rich a resource the law is for humanistic study as well as how and why the humanities are vital for understanding law Tackling questions of method key themes and concepts and a variety of genres and areas of the law this collection of essays by leading scholars from a variety of disciplines illuminates new questions and articulates an exciting new agenda for scholarship in law and humanities

Maxims and the Mind Kelly Swartz, 2025-11-03 Correcting the misunderstood role of maxims at the intersection of early science and literature Eighteenth century novels are full of maxims pithy statements of received wisdom such as necessity is the mother of invention or neither a borrower nor a lender be Maxims are ancient rhetorical forms celebrated by no less an influential figure than Aristotle as powerful tools of persuasion Critics have generally explained away their ubiquitous presence in eighteenth century novels as a vestige of a premodern form As Kelly Swartz explains however their presence illustrates an important yet often overlooked aspect of the novel's relationship with the early empirical sciences Applying insights from Francis Bacon's account of aphorizing as a method of scientific writing to works by Aphra Behn Jonathan Swift Samuel Richardson and Jane Austen Swartz shows how maxims functioned in a critical role that she calls unknowing Such expressions she argues represented the not yet known as a way to inspire in readers a desire for ongoing collective inquiry Maxims also allowed these authors to invent unknowing fictional minds at once attractive and vexing ranging from the incoherent and banal to the unintelligibly rich *Maxims and the Mind* thus offers new insight into the nature of the relationship between science and the early novel emphasizing their shared interest in the representation of knowledge still awaiting discovery

Persuasion: History, Theory, Practice George Pullman, 2013-09-15 George Pullman's lively and accessible introduction to the study of persuasion is an ideal text for use in courses where the understanding and practice of argumentation rhetoric and critical thinking are central Continually challenging his readers to seek and recognize sound

evidence to question the obvious and to assess and reassess the credibility of claims made by others including the author's own Pullman shows the way to strong writing effective speaking and rigorous critical thinking

The Collected Works of Goethe Johann Wolfgang von Goethe, 2023-12-29 The Collected Works of Goethe is a monumental compilation that encapsulates the vast literary genius of Johann Wolfgang von Goethe encapsulating his poetry prose and dramatic works Renowned for his exploration of themes such as individuality the interplay of nature and spirit and the quest for meaning Goethe employs a variety of literary styles ranging from the lyrical to the philosophical His intricate narrative structures and deep character development reflect not only the Enlightenment ideals of his time but also the Romantic movement's emphasis on emotion and the sublime establishing this collection as a cornerstone of Western literature Johann Wolfgang von Goethe a polymath and a central figure in German literature was profoundly influenced by his engagement with the Sturm und Drang movement and his extensive travels throughout Europe His diverse experiences from his formative years in Frankfurt to the intellectual currents in Weimar shaped his worldview and fueled his creative outputs Enlightened by the sciences philosophy and the visual arts Goethe's multifaceted perspective has fortified his narratives engaging readers with profound insights into the human condition For scholars and literary enthusiasts alike The Collected Works of Goethe is an indispensable resource that invites readers to delve into the intricacies of mankind's emotional and existential struggles Whether exploring the depths of Faust or reveling in the brilliance of The Sorrows of Young Werther this collection serves not only as a testament to Goethe's enduring legacy but also as an invitation to contemplate the timeless questions of life

E. M. Cioran and the Human Condition Karl White, 2025-06-12 This masterful account situates E M Cioran in his rightful place as one of the key figures in French post-war thought Acknowledged for decades as a pillar of European culture the Romanian migrant to Paris has been overlooked by Anglophone scholarship but by placing him in conversation with acclaimed mainstream thinkers like Martha Nussbaum Hannah Arendt and Samuel Beckett this book finally redresses that balance Cioran is a thinker determined to peel back the layers of polite philosophy to explore the anxious and difficult experience of being human E M Cioran and the Human Condition focuses in on the iconoclastic force of his work and in particular his preoccupation with birth which he conceives of as the source of life's dilemmas Framing its discussions with enduring theological themes like guilt original sin salvation and apocalypse this book brings the true value of Cioran's work for Western thought to the fore These ideas often go unnoticed in the work of more conventional thinkers making Cioran an essential figure in confronting the apocalyptic nature of our own age The unique combination of pessimism dark humour and morbid wit in Cioran's writing pushes us to explore what if any future there is for humanity in a world becoming ever more inhuman This is a lively and thought-provoking introduction to an unjustly marginalized thinker who has much to teach us about the human condition after the crises of the twentieth century

Delve into the emotional tapestry woven by in **Collected Maxims And Other** .
