Collected Essays Portraits And Sketches:

Collected Essays Edmund Gosse, 2013-01 In these essays the English author and critic Edmund Gosse analyses how personal character acts upon the work of literary artists in the 19th century His detailed study includes the writings of such great authors as Swinburne Tennyson and Gide Reprint of the original edition from 1912 *Collected Essays* Edmund Gosse, 2010 In these essays the English author and critic Edmund Gosse analyses how personal character acts upon the work of literary artists in the 19th century His detailed study includes the writings of such great authors as Swinburne Tennyson and Gide Reprint of the original edition from 1912 Collected Essays of Edmund Gosse: Portraits and sketches Edmund Gosse, 1913 *The Collected Essays of Edmund Gosse - Portraits and Sketches* Edmund Gosse, 2008-11-01 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Hesperides Press are republishing these classic works in affordable high quality modern editions using the original text and artwork Catalogue Bernard Quaritch (Firm), 1903 *The Saturday Review of Politics, Literature, Science and Art*, 1911 The Saturday Review of Politics, Literature, Science, Art, and Finance, 1911 **The London Review of Politics, Society, Literature, Art, & Science**, 1863 **A Library of the World's Best Literature - Ancient and Modern - Vol. XLV (Forty-Five Volumes); Synopses of Famous Books & General Index** Charles Dudley Warner, 2009-01-01 It would be enough to recommend this astonishing 45 volume set first published in 1896 if it were merely a wonderfully massive compilation of the world's best writings from the world's best authors up until the advent of the 20th century But A Library of the World's Best Literature is so much more than that For this marvelous collection represents the evolution of human thought the evolution of human civilization even as seen through the mind of one of the most important if sadly almost forgotten literary figures of the 19th century Popular American essayist novelist and journalist CHARLES DUDLEY WARNER 1829-1900 was renowned for the warmth and intimacy of his writing which encompassed travelogue biography and autobiography fiction and more and influenced entire generations of his fellow writers Here the prolific writer turned editor for his final grand work a splendid survey of global literature classic and modern and it's not too much to suggest that if his friend and colleague Mark Twain who stole Warner's quip about how everybody complains about the weather but nobody does anything about it had assembled this set it would still be hailed today as one of the great achievements of the book world And so it still deserves to be Arranged not chronologically but alphabetically mostly under the names of authors but in some cases of literatures or special subjects such as Icelandic literature or Arthurian legend this set is no dry reference work These eminently browsable volumes available through Cosimo for the first time in decades in both paperback and hardcover editions are meant to be read and enjoyed by anyone who loves the written word Volume 45 features more synopses of notable works from Adam Bede by George Eliot to Zury The Meanest Man in Spring County by Joseph Kirkland including many not previously referenced in the set but highlighted as well worth a serious reader's time and attention This volume

also includes a General Index to the 45 volume set

The Moment of Self-Portraiture in German Renaissance Art

Joseph Leo Koerner, 1993 So foundational is this invention to modern aesthetics Koerner argues that interpreting it takes us to the limits of traditional art historical method Self portraiture becomes legible less through a history leading up to it or through a sum of contexts that occasion it than through its historical sight line to the present After a thorough examination of Durer's startlingly new self portraits the author turns to the work of Baldung Durer's most gifted pupil and demonstrates how the apprentice willfully disfigured Durer's vision Baldung replaced the master's self portraits with some of the most obscene and bizarre pictures in the history of art In images of nude witches animated cadavers and copulating horses Baldung portrays the debased self of the viewer as the true subject of art The Moment of Self Portraiture thus unfolds as passages from teacher to student artist to viewer reception all within a culture that at once deified and abhorred originality
