families and communities It is a guide for problem solvers seeking to make better informed decisions in professional and personal situations Welfare Reform United States. General Accounting Office,1988 The Leader's Guide to Hospital Case Management Stefani Daniels,Marianne Ramey,2005 This text will address the role of the hospital case manager from a business perspective rather than a nursing perspective Will engage all areas that are involved with the health care system in pursuit of global objectives on behalf of every stakeholder Evaluation and Accountability in Clinical Training E. Berler,Barry A. Edelstein,2013-11-11 Accountability in clinical training implies a strong relationship between the training outcomes touted by a training program and the performance of its graduates The training program and its faculty must be able to ensure that students have the competencies necessary for entering the profession and can offer competent services In addition responsibility for the quality and value of training must be assumed by the profession Pressure for accountability is becoming increasingly apparent as the public learns about fraud waste and abuse in publicly funded programs Fishman Neigher 1982 Federally supported clinical training programs have had to defend their training practices against threats of funding loss without the hard data needed to support their practices Funding seems to have been forthcoming mostly because of our ability to demonstrate the need for clinical counseling and school psychologists Graduates seeking professional careers in such applied fields demand considerable trust from their clientele and the public at large when they establish themselves offer and advertise their services make claims on public monies and profess to do good and no harm Neither their clientele nor the public are in the position to evaluate the services of the profession or the claims made for these American Psychological Association APA 1982 p **The Cross-Cultural Practice of Clinical Case Management in Mental Health** Peter Manoleas,2013-01-11 Discover a culturally competent model of clinical case management in mental health practice settings In *The Cross Cultural Practice of Clinical Case Management* author Peter Manoleas synthesizes some of the existent thinking on case management in cross cultural psychotherapy settings and develops an effective model of clinical case management for mental health practitioners The person in environment approach leads mental health professionals to realize that case managers and their clients must deal with a variety of cultures within the treatment environment Rehabilitation programs substance abuse programs public assistance the police and especially psychiatry itself are each characterized by their own cultures These may at times conflict with or present significant dissonance with the client's own ethnic culture *The Cross Cultural Practice of Clinical Case Management* advocates that the role of culture broker be added to the list of activities for effective clinical case managers Several of the major ethnic groups represented in public mental health populations are examined as well as other topics relevant to the daily practice of mental health professionals Effective cross cultural crisis intervention The culture of homelessness Women and the mental health system Asians and Pacific Islanders Latinos African Americans Native Americans Seriously Emotionally Disturbed Children*The Cross Cultural Practice of Clinical Case Management* is of interest to practicing mental health professionals in the public sector as those

systems convert from individual therapy to case management models of service delivery Increasing numbers of ethnic minorities in public systems and the emphasis on cultural competence will make all of the topics of interest to many readers
