When the range approaches its limit, there are several possible scenarios: - distance/time remaining less than 900 miles (1,500 km) or one month: the message "Service due in" is displayed accompanied by the nearest term (distance or time); - distance equal to 0 miles or service date reached: the message "service vehicle" is displayed accompanied by the  warning light. The vehicle requires a service as soon as possible.
Resetting: To reset the distance before service, press and hold one of buttons 2 or 3 for approximately 10 seconds until the display shows the mileage permanently.
