Decoding Abortion Rhetoric Decoding Abortion Rhetoric

James Jasinski

Decoding Abortion Rhetoric Decoding Abortion Rhetoric:

Decoding Abortion Rhetoric Celeste Michelle Condit, 1990 Condit provides a close look at how pro life and pro choice arguments have helped shape the development of public policy and private practice She offers readers an orderly way through the barrage of rhetoric and an opportunity to identify and clarify our own opinions on a very difficult subject

Adventures in Shondaland Rachel Alicia Griffin, Michaela D.E. Meyer, 2018-09-10 Shonda Rhimes is one of the most powerful players in contemporary American network television *Adventures in Shondaland* critically explores Shonda Rhimes's meteoric rise to stardom her reign or cultural appointment as television's diversity queen and *Shondaland*'s almost universally lauded melodramatic narratives

Rhetorics of Motherhood Lindal Buchanan, 2013-04-08 Becoming a mother profoundly alters one's perception of the world as Lindal Buchanan learned firsthand when she gave birth Suddenly attentive to representations of mothers and mothering in advertisements fiction film art education and politics she became intrigued by the persuasive force of the concept of motherhood an interest that unleashed a host of questions How is the construct defined How are maternal appeals crafted presented and performed What do they communicate about gender and power How do they affect women Her quest for answers has produced *Rhetorics of Motherhood* the first book length consideration of the topic through a feminist rhetorical lens Although both male and female rhetors employ motherhood to promote themselves and their agendas Buchanan argues it is particularly slippery terrain for women on the one hand affording them authority and credibility but on the other positioning them disadvantageously within the gendered status quo *Rhetorics of Motherhood* investigates that paradox by detailing the cultural construction and performance of the Mother in American public discourse tracing its use and impact in three case studies and by theorizing how when and why maternal discourses work to women's benefit or detriment In the process the reader encounters a fascinating array of issues including birth control civil rights and abortion and rhetors ranging from Diane Nash and Margaret Sanger to Sarah Palin and Michelle Obama As Buchanan makes clear motherhood is a rich site for investigating the interrelationships among gender power and public discourse Her latest book contributes to the discipline of rhetoric by attending to and making a convincing case for the significance of this understudied subject With its examination of timely controversies contemporary and historical figures and powerful women *Rhetorics of Motherhood* will appeal to a wide array of readers in rhetoric communications American studies women's studies and beyond

Sourcebook on Rhetoric James Jasinski, 2001-07-19 Please update SAGE UK and SAGE INDIA addresses on imprint page

Back-Alley Abortion Emily Winderman, 2025-10-07 This book explores how the phrase back alley abortion has influenced debates surrounding abortion rights Provided by publisher

InsUrgent Media from the Front Chris Robé, Stephen Charbonneau, 2020-11-03 In the 1940s it was 16 mm film In the 1980s it was handheld video cameras Today it is cell phones and social media Activists have always found ways to use the media du jour for quick and widespread distribution *InsUrgent Media from the Front* takes a look at activist media practices in the 21st century and

sheds light on what it means to enact change using different media of the past and present Chris Rob and Stephen Charbonneau's edited collection uses the term *insUrgent media* to highlight the ways grassroots media activists challenged and are challenging hegemonic norms like colonialism patriarchy imperialism classism and heteronormativity Additionally the term is used to convey the sense of urgency that defines media activism Unlike slower traditional media activist media has historically sacrificed aesthetics for immediacy Consequently this run and gun method of capturing content has shaped the way activist media looks throughout history With chapters focused on indigenous resistance community media and the use of media as activism throughout US history *InsUrgent Media from the Front* emphasizes the wide reach media activism has had over time Visibility is not enough when it comes to media activism and the contributors provide examples of how to refocus the field not only to be an activist but to study activism as well

Risky Rhetoric J. Blake Scott, 2003 *Risky Rhetoric AIDS and the Cultural Practices of HIV Testing* is the first book length study of the rhetoric inherent in and surrounding HIV testing In addition to providing a history of HIV testing in the United States from 1985 to the present J Blake Scott explains how faulty arguments about testing's power and effects have promoted unresponsive and even dangerous testing practices for so called normal subjects as well as those deemed risky Drawing on classical rhetoric as well as Michel Foucault's theorizing of the examination as a form of disciplinary power this study explores how HIV testing functions as a disciplinary technology that shapes subjects and exerts power over individual bodies and populations Testing has largely been deployed to protect those defined as normal members of the general population by detecting managing and even punishing those diagnosed as risky e.g. gay and bisexual men poor women of color But Scott reveals that testing's function of protection through detection has been fueled in part by faulty arguments that exaggerate testing's interventive power and benefits These arguments have also created a perception that testing is a magic bullet By overestimating the benefits of HIV testing and overlooking its contingencies and harmful effects dominant arguments about testing have enabled a shortsighted public health response to HIV and unresponsive testing policies The ultimate goal of *Risky Rhetoric AIDS and the Cultural Practices of HIV Testing* is to offer strategies to policymakers HIV educators and test counselors and other rhetors for developing more responsive and egalitarian testing related rhetorics and practices

Abortion Melody Rose, 2008-01-30 This thought provoking reference work explores the evolution of America's heated abortion debate in a selection of over 40 primary documents from the 19th century to the present day The guide includes not only key laws and court cases that have determined abortion policy but also political speeches medical essays theological writings newspaper advertisements magazine articles and popular books that offer insight into America's changing attitudes towards women race the medical field and the role of government in its citizens' personal lives Each document is preceded by an introduction and is followed by analysis to help readers understand its significance and historical context Today abortion is America's most contentious political and religious rallying point Yet 150 years ago it was a virtual non issue quietly performed for centuries by women

and mid wives What changed This thought provoking reference work explores the evolution of America s abortion debate in a balanced selection of over 40 primary documents by doctors feminists religious leaders politicians extremists and judges from the 19th century to the present day This guide not only examines the key laws and court cases like Roe v Wade and the Partial Birth Abortion Ban that have determined abortion policy but offers insight into America s changing attitudes towards women race the medical field and the role of government in its citizens personal lives Memoirs of early abortion providers excerpts from popular women s self help books the complete text of Pope Paul VI s *Humanae Vitae* and personal writings from key liberal and conservative figures on both sides of the debate provide a more complete picture of an issue that is deeply personal deeply divisive and anything but clear cut A straightforward and accessible book ideal for both students and general readers looking to expand their understanding of one of the most complicated and still unresolved issues of our day Each excerpt is preceded by a brief explanation of its significance and followed by author analysis to help readers understand its implications and the historical context in which it was written Readers gain direct access to America s most important legal papers and transcripts on abortion complimented by a well rounded view of the public beliefs and sentiments that have fueled abortion debates Suggestions for further reading conclude each chapter perfect for research or to guide interested readers in their search for material The front matter includes a Timeline of major events in abortion history and the back matter offers a Bibliography of 50 titles on abortion and over 30 Web links *Encyclopedia of Rhetoric* Thomas O.

Sloane,2001 The *Encyclopedia of Rhetoric* is a comprehensive survey of the latest research as well as the foundational teachings in this broad field Featuring 150 original signed articles by leading scholars from many different fields of study it brings together knowledge from classics philosophy literature literary theory cultural studies speech and communications The *Encyclopedia* surveys basic concepts speaker style and audience elements genres terms fallacies figures of speech and the rhetoric of non Western cultures and cultural movements It covers rhetoric as the art of proof and persuasion as the language of public speech and communication and as a theoretical approach and critical tool used in the study of literature art and culture at large including new forms of communication such as the internet The *Encyclopedia* is the most wide ranging reference work of its kind combining theory history and practice with a special emphasis on public speaking performance and communication Cross references bibliographies after each article and synoptic and topical indexes further enhance the work Written for students teachers scholars and writers the *Encyclopedia of Rhetoric* is the definitive reference work on this powerful discipline *The Routledge Handbook of Contemporary Feminism* Tasha Oren,Andrea

Press,2019-05-16 Feminism as a method a movement a critique and an identity has been the subject of debates contestations and revisions in recent years yet contemporary global developments and political upheavals have again refocused feminism s collective force What is feminism now How do scholars and activists employ contemporary feminism What feminist traditions endure Which are no longer relevant in addressing contemporary global conditions In this interdisciplinary collection

scholars reflect on how contemporary feminism has shaped their thinking and their field as they interrogate its uses limits and reinventions Organized as a set of questions over definition everyday life critical intervention and political activism the Handbook takes on a broad set of issues and points of view to consider what feminism is today and what current forces shape its future development It also includes an extended conversation among major feminist thinkers about the future of feminist scholarship and activism The scholars gathered here address a wide variety of topics and contexts activism from post Soviet collectives to the Arab spring to the MeToo movement sexual harassment feminist art film and digital culture education technology policy sexual practices and gender identity Indispensable for scholars undergraduate and postgraduate students in women gender and sexuality the collection offers a multidimensional picture of the diversity and utility of feminist thought in an age of multiple uncertainties
