Diana a Tribute in Photos Michael O'Mara, **Casanova Was A Book Lover** John Maxwell Hamilton, 2000-04-01 Everyone knows which books people buy they can just look at the best seller lists But who knows which books people steal Who for that matter knows that authors ruin the book market by writing too much Or why book critics are not critical Or why librarians need to throw out more books Who indeed knows the answer to that all important question in our democracy should presidents and presidential candidates write books The answer is no In this irreverent analysis of the book industry John Maxwell Hamilton a longtime journalist and public radio commentator answers these questions and many more proving that the best way to study books is not to take them too seriously He provides a rich history of the book from the days when monks laboriously hand copied texts to the tidal wave of Titanic tie ins and gives a succinct overview of the state of the industry today including writing marketing promoting reviewing ghostwriting and collecting Throughout Hamilton peppers his prose with spicy tidbits of information that will fascinate bibliophiles everywhere For instance did you know that Walt Whitman was fired from a government job because his boss found *Leaves of Grass* and its author immoral Or that the most stolen book in the United States is the Bible followed by *The Joy of Sex* How about that Dan Quayle's 1989 Christmas card read May our nation continue to be a beacon of hope to the world Or that Casanova was an ardent lover of books as well as women Hamilton offers an inside look at the history and business of book reviewing explaining why more often than not reviewers resemble counselors at a self esteem camp and examining the enormous impact of the Oprah effect on the market As the self appointed Emily Post of the book world he advises publishers authors and readers on proper etiquette for everything from book parties Feel free to build a party around a theme in a book no matter how tacky and jacket photos You should not show off your new baby unless your book is about raising kids to book signings Just because an author has given you an autograph does not mean they want to become your pen pal and promotion by friends and relatives They should carry the book at all times on public transportation with the cover showing Both edifying and enjoyable *Casanova Was a Book*
