Social Issues in Living Color Arthur W. Blume, 2017-02-16 Offering fresh and exciting approaches to solving global problems this book creatively views challenging social issues through the lens of racial and ethnic psychology As the demographic makeup of the American

population continues to evolve understanding and addressing the psychological needs of ethnic minorities in the United States becomes more important to the overall health and well being of society This three volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology It uniquely presents racial and ethnic psychological perspectives on topics such as media criminal justice racism climate change gender bias and health and mental health disparities Volume one introduces readers to the basic scientific concepts of racial and ethnic minority psychology and then examines the intersectionality of race ethnicity gender and sexual orientation It also addresses how race and ethnicity affect communication styles leadership styles and media The second volume discusses the experiences of individuals within racial and ethnic minorities including overt racism covert racism and colonialism and addresses how ethnic minority psychology plays a role in our educational system poverty global climate change and sustainability The third volume covers ethics in health and research considers the causes of health and mental health disparities and identifies diversity initiatives that can improve the health and well being of all citizens not just racial and ethnic minority citizens

The Postcolonial Compendium Paula Banerjee,Nasreen Chowdhory,Priya Singh,2025-10-11 The postcolonial compendium aims at a compilation and brief explication of key terms used in the multidisciplinary field of forced migration and refugee studies There have been significant debates contributions and interpretations in recent years which have reshaped the way academia analyses and maps refugee and migration studies at the same time expanding its scope Research on refugees and forced migrants has had a long history cutting across disciplines exploring multiple dynamics such as forced and voluntary movements displacement and dispossession heterogeneity and agency of forced migrants human rights humanitarianism protection practice and policy In addition academics policy makers and practitioners are still contending with the diverse challenges that remain in the aftermath of a global pandemic and continue to permeate the refugee and migrant space exacerbating the precarious state of public health particularly in the global south with far reaching consequences At this critical juncture crossroads migrant and refugee studies as a field of enquiry is rapidly expanding and diversifying concomitantly its terminology is constantly evolving to keep pace with the burgeoning discipline which found its moorings as a separate entity in the early 1980s With the development of refugee and forced migration studies academic research as well as advocacy in terms of the rights of migrants and refugees have acquired a global reach which in turn has induced the emergence of a rapidly growing literature focused on the same including handbooks devoted to the study of refugees and forced migrants from an interdisciplinary perspective In comparison the vocabulary or terminology of refugee and forced migration studies which has amplified by leaps and bounds in scope and importance has not yet found a separate focused and comprehensive compendium dedicated to itself The Postcolonial Compendium Keywords in Forced Migration and Refugee Studies intends to fill this lacuna void

Evil Eye, Jinn Possession, and Mental Health Issues G. Hussein Rassool,2018-09-03

Evil Eye Jinn Possession and Mental Health Issues raises awareness of the cultural considerations religion and spirituality

involved in the assessment of Muslim patients with mental health problems The belief that Jinn spirits can cause mental illness in humans through affliction or possession is widely accepted among Muslims meaning this belief is a crucial but frequently overlooked aspect of mental health problems with Muslim patients in psychiatric care This book explores the nature of such beliefs their relationship to mental health and the reasons for their importance in clinical practice The book argues that it is vital to consider mental disorders as a multifactorial affair in which spiritual social psychological and physical factors may all play a role It suggests differential diagnostic skills may have an important part to play in offering help to those who believe their problems are caused by possession and provides accessible literature on clinical issues and practice interventions management and evidence based practice to help health workers achieve a better understanding of Muslim beliefs about possession and how to work with patients that hold such beliefs *Evil Eye Jinn Possession and Mental Health Issues* is an essential manual for mental health professionals social workers and psychologists It should also be of interest to academics and students in the healthcare sciences
