Dictionnaire Expressions Juridiques Roland Henri:

Researching Language and the Law Davide S. Giannoni, Celina Frade, 2010 This volume reflects the latest work of scholars specialising in the linguistic and legal aspects of normative texts across languages English Danish French Italian Spanish and law systems Like other domains of specialised language use legal discourse is subject to the converging pressures of internationalisation and of emerging practices that destabilise well established norms and routines In an integrated interdependent context supranational laws rules and procedures are gradually developed and harmonised to regulate issues that can no longer be dealt with by national laws alone as in the case of the European Union The contributors discuss the impact of such developments on the construction evolution and hybridisation of legal texts analysed both linguistically and from the practitioner's standpoint
