Nation, Language, and the Ethics of Translation Sandra Bermann, Michael Wood, 2005-07-25 In recent years scholarship on translation has moved well beyond the technicalities of converting one language into another and beyond conventional translation theory With new technologies blurring distinctions between the original and its reproductions and with globalization redefining national and cultural boundaries translation is now emerging as a reformulated subject of lively interdisciplinary debate Nation Language and the Ethics of Translation enters the heart of this debate It covers an exceptional range of topics from simultaneous translation to legal theory from the language of exile to the language of new nations from the press to the cinema and cultures and languages from contemporary Bengal to ancient Japan from translations of Homer to the work of Don DeLillo All twenty-two essays by leading voices including Gayatri Spivak and the late Edward Said are provocative and persuasive The book's four sections Translation as Medium and across Media The Ethics of Translation Translation and Difference and Beyond the Nation together provide a comprehensive view of current thinking on nationality and translation one that will be widely consulted for years to come The contributors are Jonathan E. Abel Emily Apter Sandra Bermann Vilashini Cooppan Stanley Corngold David Damrosch Robert Eaglestone Stathis Gourgouris Pierre Legrand Jacques Lezra Françoise Lionnet Sylvia Molloy Yopie Prins Edward Said Azade Seyhan Gayatri Chakravorty Spivak Henry Staten Lawrence Venuti Lynn Visson Gauri Viswanathan Samuel Weber and Michael Wood

What Is World Literature? David Damrosch, 2018-06-05 World literature was long defined in North America as an established canon of European masterpieces but an emerging global perspective has challenged both this European focus and the very category of the masterpiece The first book to look broadly at the contemporary scope and purposes of world literature What Is World Literature probes the uses and abuses of world literature in a rapidly changing world In case studies ranging from the Sumerians to the Aztecs and from medieval mysticism to postmodern metafiction David Damrosch looks at the ways works change as they move from national to global contexts Presenting world literature not as a canon of texts but as a mode of circulation and of reading Damrosch argues that world literature is work that gains in translation When it is effectively presented a work of world literature moves into an elliptical space created between the source and receiving cultures shaped by both but circumscribed by neither alone Established classics and new discoveries alike participate in this mode of circulation but they can be seriously mishandled in the process From the rediscovered Epic of Gilgamesh in the nineteenth century to Rigoberta Menchú's writing today foreign works have often been distorted by the immediate needs of their own editors and translators Eloquently written argued largely by example and replete with insightful close readings this book is both an essay in definition and a series of cautionary tales **The Multilingual Challenge** Ulrike

Jessner-Schmid, Claire J. Kramsch, 2015-09-25 This collection of scholarly articles is the first to address the challenges of multilingualism from a multidisciplinary perspective The contributors to this volume examine both the beneficial and the problematic aspects of multilingualism in various dimensions that is they address familial educational academic artistic scientific historical professional and geopolitical challenges **The English Class** Yu Ouyang, 2010 At the end of the Cultural Revolution in China in the late 1970s Jing an educated youth zhishi qingnian who has spent a few years as a peasant in the countryside becomes a truck driver in a provincial shipyard He manages to teach himself English in adverse circumstances while driving his truck eventually passing the examination to get into the English Class at Donghu University There he meets with classmates from vastly different cultural backgrounds and falls in love with Deirdre the estranged partner of Dr Wagner the English teacher This engaging and masterful novel explores the aspiration of many to migrate to English speaking countries Like much of Ouyang's work it subtly deconstructs the mechanisms of colonialism against an increasingly vibrant Chinese economy The vivid fictional life of a Chinese truck driver who aspires to the western life is beautifully and evocatively realised The English Class is a triumph a novel at once wise brave and entertaining *The*

Ramet,Lavinia Stan,2024-12-12

This groundbreaking treatment of post communist developments in East Central Europe examines politics economics media religious institutions transitional justice gender inequality and literature highlighting the overt functions latent functions and side effects associated with each sphere Communism in East Central Europe had cracks from the beginning as uprisings in East Germany in 1953 and Hungary in 1956 demonstrated But with the establishment of the Independent Trade Union Solidarity in Poland in the Summer of 1980 communism went into steady decline and between 1988 and 1991 crumbled What followed has been an unsteady transition to various forms of often corrupt pluralism with democracy doing best in the Czech Republic with the exception of the years 2017 2021 and Slovenia and worst in Hungary Albania Serbia and Bosnia Herzegovina Drawing on the functionalist theory of Robert K Merton the authors examine what policymakers communist and post communist were or are trying to accomplish the intended and unintended results of these policies and the side effects they have produced This volume will be of interest not only to specialists in East Central Europe but also to graduate and undergraduate students members of the diplomatic corps and general readers
