Handbook of Research on Citizenship and Heritage Education Delgado-Algarra, Emilio José,Cuenca-López, José María,2020-01-31 Cultural competence in education promotes civic engagement among students Providing students with educational opportunities to understand various cultural and political perspectives allows for higher cultural competence and a greater understanding of civic engagement for those students The Handbook of Research on Citizenship and Heritage Education is a critical scholarly book that provides relevant and current research on citizenship and heritage education aimed at promoting active participation and the transformation of society Readers will come to understand the role of heritage as a symbolic identity source that facilitates the understanding of the present and the past highlighting the value of teaching Additionally it offers a source for the design of didactic proposals that promote active participation and the critical conservation of heritage Featuring a range of topics such as educational policy curriculum design and political science this book is ideal for educators academicians administrators political scientists policymakers researchers and students

An Introduction to Civics and Citizenship Education Keith Heggart,2024-08-01 This book serves as a starting point for pre service teachers and researchers by providing a concise and thorough summary of key themes within the field of civics and citizenship education The field of civics and citizenship education is both complex and contested in local and international jurisdictions It is also a key site for political and policy interventions by governments and other interested parties While this activity makes the field a vibrant one it also means that it can be challenging for teachers and researchers to enter and understand the ongoing debates and discussions and the implications these present for their research and educational practice The book begins with a detailed examination of the history of civics and citizenship education from a variety of perspectives and in different locations It recognizes and documents how the place and importance of civics and citizenship education has changed over the last century and how this has been realized in various educational initiatives It also examines the current state of educational and policy level initiatives in civics and citizenship education noting the differences between different state and country approaches This book also undertakes a detailed

consideration of the different typologies of civics and citizenship education that have been formulated by various researchers including notions like justice oriented citizenship activist citizenship and critical citizenship It examines the theoretical foundations of both active citizenship education and global citizenship education and how these have been enacted in school settings Furthermore it examines the place of citizenship in higher education institutions and non formal educational settings including practices and statements about the importance of developing global citizenship in these arenas It also presents a number of different case studies showcasing the variety of approaches to civics and citizenship education and discusses the opportunities and challenges educators and researchers face when researching and implementing it

Transforming Learning in Schools and Communities Bob Lingard,Jon Nixon,Stewart Ranson,2011-11-03 Many educators have been looking for a fundamentally different approach to engage young people and encourage progress in learning Supported by recent public policy developments a transformation is beginning to take place in the practice of many schools The focus of learning is shifting away from the child as an individual in a classroom detached from the surrounding neighbourhood to a learning community that embraces carers and families as well as young people and teachers This monograph analyses the organising principles of this cultural transformation and considers how it will shape learning in schools and communities throughout the world The book brings together key thinkers from the fields of new learning new communities of educational practice and new forms of educational governance Arguing for the necessary interconnectedness of pedagogy institutions and governance this ground breaking book will undoubtedly shape the policy agenda in this area for years to come

Controversies in Education Helen Proctor,Patrick Brownlee,Peter Freebody,2014-09-09 This book is the outcome of a colloquium series organized by The University of Sydney in which leading and emerging researchers were invited to name what they took to be the deep flaws at the heart of contemporary educational and policy and practice in Australia and globally to voice their potentially heretical views on what most urgently needs to be done The chapters in this collection are paired to offer two takes on each topic from supplementing to critiquing to countering and most points in between The issues addressed in this volume include the place of education in national and international marketplaces mass testing and standardisation the future of multiculturalism in schools the public funding of private schools the complicated relationship between evidence and policy and the shifting politics of inequality This book is based on the idea that recognising deep disagreements on big issues is a necessary accompaniment to imagining and developing productive ways forward

Global Learning and Sustainable Development Helen Gadsby,Andrea Bullivant,2011-04-08 Global learning and sustainable development encompass some of the key ideas and challenges facing the world today challenges such as climate change globalization and interdependence Schools increasingly recognize the role of education in addressing these issues with young people but exploring global issues across the curriculum requires a considerable amount of time and planning across subjects This book aims to reduce this workload by providing a clear overview of global learning its development in policy and what this means for teachers in

practice It outlines the different ways in which global learning can be delivered as a cross curricular theme with examples of current activities and practice in schools Features include an examination of key influences and debates in this area guidance on how to plan implement and evaluate change in the curriculum to incorporate global learning the role of Personal Learning and Thinking Skills as a way of exploring global learning and sustainable development ideas from the global context of practice in Europe and beyond activity ideas supported by case studies of innovative practice links to other educational agendas relevant topics and resources Providing clear guidance on the underpinning theory and policy and drawing upon current initiatives in schools this book will be of interest to all trainee and practising secondary teachers wanting to help young people engage critically with global issues *Education for a Change* Titus Alexander,2004-11-30 Bringing together a broad range of leading writers this challenging and hard hitting book offers a wealth of innovative ideas to make schooling much more relevant to modern society *Handbook of Moral and Character Education* Larry Nucci,Tobias Krettenauer,Winston C. Thompson,2024-08-16 The Handbook of Moral and Character Education offers a definitive state of the art synthesis of leading scholarship in moral and character education A subject of international interest and the focus of numerous governmental curricular mandates the moral development and character formation of students are increasingly recognized as an essential component of a well rounded schooling experience This comprehensive volume explores the philosophical psychological and educational issues that define the field links robust theoretical and empirical foundations to effective classroom practice highlights implications for civic engagement and social justice and follows the lessons learned from moral and character education into contexts outside of schools Fully revised and updated this third edition features a refreshed research base coverage of digital pedagogies out of school programs and informal learning and discussions about the role of reason emotion cultural processes and citizenship democracy in education Further the book s substantive emphasis on diversity and equity in the field results in greater racial ethnic and geographic representation among contributing authors inclusion of historically marginalized school communities and student identities and coverage of practices such as transformative social and emotional learning SEL restorative justice and education for environmental sustainability Resources in Education ,2001
