Dancing Past The Dark Distressing Near Death Experiences:

The Buddha in Hell and Other Alarms Nancy Evans Bush, 2016-07-20 The Buddha in Hell What kind of sense is that Questions raised by troubling inner experiences anchor the book respecting both religion and science in the age of a Hubble universe A reader says Your first book was a life raft for my soul Hope I ll make it to safety with your next book Here it is The Buddha in Hell and Other Alarms

The Science of Near-Death Experiences John C. Hagan, 2017-01-30 What happens to consciousness during the act of dying The most compelling answers come from people who almost die and later recall events that occurred while lifesaving resuscitation emergency care or surgery was performed These events are now called near death experiences NDEs As medical and surgical skills improve innovative procedures can bring back patients who have traveled farther on the path to death than at any other time in history Physicians and healthcare professionals must learn how to appropriately treat patients who report an NDE It is estimated that more than 10 million people in the United States have experienced an NDE Hagan and the contributors to this volume engage in evidence based research on near death experiences and include physicians who themselves have undergone a near death experience This book establishes a new paradigm for NDEs

Dancing Past the Dark Nancy Evans Bush, 2012-08-01 Almost one in five near death experiences are not peaceful suggestions of heaven In a wide ranging and far from gloomy look at the other near death experience Nancy Evans Bush gives the first comprehensive look at a fascinating but neglected topic NDEs and deathbed visions of fear emptiness and even hell A wonderfully readable book grounded in thirty years of experience and research Dancing is packed with first person accounts engrossing discussion and factual answers to a myriad of questions both religious and secular with practical suggestions for integrating such an experience or encountering one as a caregiver Here are ways of thinking about the subject that will be new to many readers What becomes evident is that to see these only as a terrible threat about death is largely to miss their point absolutely enthralling literary adventurous incisive informative and smart one of the strongest most thought provoking books on the paranormal I ve ever seen Steve Volk Fringe ology The book is an outstanding piece of work It is a wonderfully comprehensive and rich history of what can be known and what might be considered about NDEs and bursts with anecdote and commentary reinforcing for the reader that there is always another way to see things Wayne Rollins MDiv PhD Soul and Psyche Jung and the Bible and other titles Dancing Past the Dark is what we have all been waiting for a must for any experiencer of any type of encounter with the numinous P M H Atwater LHD Near Death Experiences The Rest of the Story A valuable contribution to the NDE literature and engagingly written It needs to be seen and read by the wider public J Harold Ellens MDiv PhD Nancy Evans Bush holds a Masters Degree in Pastoral Ministry and Spirituality from St Joseph University Connecticut She was Executive Director and later President of the International Association for Near Death Studies and a member of its Board of Directors for many years She is considered the world expert on distressing NDEs

Wisdom of Near-Death Experiences Dr. Penny Sartori, 2014-03-25 Drawing on a 5 year clinical study of near death

experiences a doctor presents riveting patient stories to explore how NDEs can empower us and society as a whole By trying to pathologize NDEs are we missing out on what they can tell us about life Dr Penny Sartori is a registered nurse who began researching Near Death Experiences NDEs in 1995 after one of her long term intensive care patients begged her to let him die in peace Inspired by this encounter she went on to research NDEs in a PhD program where she learned profound spiritual lessons and made startling discoveries that she now shares in *The Wisdom of Near Death Experiences* During her academic work Dr Sartori studied three samples of ICU patients during a five year period Here she recounts the eye opening stories of those patients who experienced NDEs and out of body experiences OBEs In one group as many as 18% of patients experienced an NDE though Patient 10 stood out among the others After being unresponsive he awoke to report he had experienced an OBE He was able to describe what happened in the hospital room while he was unconscious and claimed he met not only his deceased father but a Jesus like figure Most shocking of all he had regained the use of his hand which had been paralyzed since birth When talking about the biggest takeaways from her research Dr Sartori shares how her findings have made her question the common belief that the brain gives rise to consciousness Most importantly she has gained a deeper appreciation for death an experience she now views with less fear and anxiety In addition to detailing dozens of case studies *The Wisdom of Near Death Experiences* also discusses childhood NDEs the differences in NDEs among different cultures and the after effects of NDEs

Encountering Mystery Dale C. Allison, 2022-07-26 Despite widespread skepticism on the matter a significant number of people today have stories of religious experience moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions How should rationally minded people respond What would your reaction be if someone told you that one night while sitting alone she saw through the window a brilliant light descend from the sky until it was so large that it filled the room and that it radiated a feeling of pure love And what would you say if a friend confided that one night he woke up and could not move felt he was being suffocated and sensed an evil spirit in the room By default in the secular age we are skeptical about anything mysterious or supernatural More likely than not most people would respond to the stories above with embarrassment and concern about the person's grasp of reality or they would attempt to explain them away through rational or scientific means But the truth is that religious experiences like these are not as uncommon as they seem although talking about such experiences often is This is the case even in a faith tradition such as Christianity despite the Bible's numerous accounts of miraculous and mysterious happenings In *Encountering Mystery* noted biblical scholar Dale Allison makes the argument that stories of religious experience are meaningful and not to be marginalized and that we have a moral prerogative to lovingly engage with such stories regardless of whether we have had similar experiences Through a close look at phenomena such as moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions Allison shows how ordinary practices of faith need not be at odds with individual religious

experiences Above all he enjoins us to be honest about the persistence of religious experience in a secular age and to make space for those who encounter mystery in their lives [The Other Side](#) Sarah Bullen,2024-09-04 What happens when we die How are some people able to see or communicate with spiritual worlds beyond our own Can they offer answers to some of our most burning questions about life and death Sarah Bullen who has had a life altering near death experience herself explores these mysteries as she gathers riveting stories of people from South Africa and beyond people who have crossed to the other side or those who can contact it This book offers original interviews with a fascinating collection of teachers with special abilities individuals who have gone through near death experiences and those who can communicate across worlds using mediumship gifts trance and plants Meet and learn from a man who woke up on a stretcher on the way to the morgue a spiritual teacher who survived two near death experiences on an operating table a psychic rabbi an influencer who communicates with the departed a former corporate executive turned sangoma who runs a traditional clinic and shamans and neo shamans from across the continent With her keen observation skills and insights gleaned from her own experience Bullen offers a fresh way of looking at the world **Raised on the Third Day** W. David Beck,Michael R. Licona,2020-11-23 Did Jesus rise from the dead Is resurrection even possible There are numerous historical and philosophical challenges to belief in Jesus resurrection For many these questions are insurmountable Raised on the Third Day approaches these questions with critical and believing eyes Edited by W David Beck and Michael R Licona Raised on the Third Day collects essays from prominent contributors in the fields of philosophy history and apologetics Contributors including J P Moreland William Lane Craig Craig A Evans Beth M Sheppard and Sean McDowell evaluate scriptural historical moral and apologetic issues related to Christ s death and resurrection Essays on the Shroud of Turin and near death experiences round out the volume Inspired by the foundational work of Gary Habermas arguably the greatest contemporary Christian thinker on the resurrection these essays build upon his work and move the discussion forward Readers will better appreciate how Habermas has shaped scholarship on Christ s resurrection and further areas for exploration and discussion [The Palgrave Handbook of the Afterlife](#) Yujin Nagasawa,Benjamin Matheson,2017-10-12 This unique Handbook provides a sophisticated scholarly overview of the most advanced thought regarding the idea of life after death Its comprehensive coverage encompasses historical religious philosophical and scientific thinking Starting with an overview of ancient thought on the topic The Palgrave Handbook of the Afterlife examines in detail the philosophical coherence of the main traditional notions of the nature of the afterlife including heaven hell purgatory and rebirth In addition and breaking with traditional conceptions it also explores the most recent exciting advance digital models Later sections include analysis of various possible metaphysical accounts that might make sense of the afterlife including substance dualism emergent dualism and materialism and the science of near death experiences as well as the links between human psychology and our attitude to the afterlife Key features Grounded in the most advanced philosophical theological and scientific thinking Contributions by eminent scholars

from the world's top universities. Balanced treatment of fundamental issues that are relevant to everyone. Diverse approaches ranging from the religious to the scientific, from the optimistic to the pessimistic. A major section on the meaning of the afterlife which includes chapters on fear, purpose, evil, and issues regarding identity. The Palgrave Handbook of the Afterlife is essential reading for scholars, researchers, and advanced students researching attitudes to and effects of beliefs about death and life after death from philosophical, historical, religious, psychological, and scientific perspectives.

What Is a Near-Death Experience? Dr. Penny Sartori, 2016-06-14. An expert answers your pressing questions about near-death experiences (NDEs), revealing their positive effects on spirituality, consciousness, and our relationship with life and death. Death is the only certainty in life. Yet many people shy away from thinking about it until something drastic happens: the diagnosis of a life-threatening illness, the sudden death of a loved one, which can throw us into turmoil. Paradoxically, contemplating death and the frequently experienced phenomenon of near-death experiences (NDEs) can help alter our relationship with death and release us from the fear that often surrounds it. After an insightful introduction about why the subject of NDEs is so worth exploring, each chapter in this book addresses a key question: What are the characteristics of NDEs and are there different types? Are all NDEs pleasant, or can some be distressing? Who has NDEs and under what circumstances do they occur? How do they affect the people who have them and how can this change their lives? How can NDEs be scientifically explained, aren't they just hallucinations? What can we learn from NDEs and can they change our attitude to life and death? Can NDE studies lead to an evolution in consciousness and an enhanced sense of spirituality? The bestselling author of *The Wisdom of Near-Death Experiences*, Dr. Penny Sartori brings readers on an exploratory journey through the world of NDEs, challenging preconceptions and encouraging us to accept and feel empowered by death rather than living in fear of it.

Reincarnation in America Lee Irwin, 2017-07-31. *Reincarnation in America: An Esoteric History* surveys the complex history of reincarnation theories across multiple fields of discourse in a pre-American context, ranging from early Greek traditions to Medieval Christian theories, Renaissance esotericism, and European Kabbalah, all of which had adherents that brought those theories to America. Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions, even though members of conventional religions frequently affirm the possibility of rebirth. As a history of an idea, reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social, cultural, and scientific domains in a long, complex history not reducible to any specific religious or theoretical explanation. This book is cross-disciplinary and multicultural, linking religious studies perspectives with science-based research; it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory. The underlying thesis is to demonstrate the complexity of reincarnation theories; what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans-traditional.
