Coming Into Being Spielrein Psychoanalysis

Barnaby B. Barratt

Coming Into Being Spielrein Psychoanalysis:

Sabina Spielrein and the Poetry of Psychoanalysis Michael Plastow, 2018-12-07 Sabina Spielrein who has been mostly known for her relation with her analyst Carl Jung came to the attention of the wider public following the discovery and publication of some of her diaries and personal letters some 40 years ago The focus on her relationship with Jung and her personal story have consequently led to a neglect of her writings with many of her crucial texts even remaining untranslated into English Sabina Spielrein and the Poetry of Psychoanalysis seeks to re address this distortion of her legacy by examining her original contribution to the field such as her early analytical work with children Spielrein referred to moments of intimacy between herself and Jung as poetry Indeed as a response to what can be considered the inevitable failure in her relationship to Jung Spielrein wrote poetry and songs notes and theoretical papers These writings are examined here as her means of finishing her own analysis She was the first person to become an psychoanalyst through her own psychoanalysis a path that would later be recognised as a necessary part of the training for any analyst The book traces the poetry of Sabina Spielrein s writing through both its content and style examining the effect of these writings upon psychoanalysis and inserting them into a lineage of what Lacan would later call the *passee* a device that is open for the analysand to finish his or her analysis and accede to the place of psychoanalyst This book will be of interest to scholars and practitioners of psychoanalysis and other clinicians including those who work with children those interested in the early history of psychoanalysis and those concerned with women s writing more generally

Sabina Spielrein and the Beginnings of Psychoanalysis Pamela Cooper-White, Felicity Brock Kelcourse, 2019-01-25 Sabina Spielrein stands as both an important and tragic figure misunderstood or underestimated by her fellow analysts including Jung and Freud and often erased in the annals of psychoanalytic history Her story has not only been largely forgotten but actively though unconsciously repressed as the figure who represented a trauma buried in the early history of psychoanalysis Sabina Spielrein and the Beginnings of Psychoanalysis joins the growing field of scholarship on Spielrein s distinctive and significant theoretical innovations at the foundations of psychoanalysis and serves as a new English language source of some of Spielrein s key works The book includes Four chapters by Felicity Brock Kelcourse Pamela Cooper White Klara Naszkowska and Adrienne Harris spanning Spielrein s life and exploring her works in depth with new insights about her influence not only on Jung and Freud but also Piaget in Geneva and Vygotsky and Luria in Moscow A timeline providing readers with important historical context including Spielrein Freud Jung other theorists and historical events in Europe 1850 1950 Twelve new translations of works by Spielrein ten of which are the first ever translations into English from the original French German or Russian Spielrein s life and works are currently undergoing a serious and necessary critical reclamation as the fascinating chapters in this book attest Sabina Spielrein and the Beginnings of Psychoanalysis will be of great significance to all psychoanalysts psychoanalytic psychotherapists analytical psychologists and scholars of psychoanalysis interested in Spielrein and the early development of

the field *From Psychoanalytic Bisexuality to Bisexual Psychoanalysis* Esther Rapoport, 2019-05-09 This is the first book to assess bisexuality through a range of psychoanalytic and critical perspectives highlighting both the issues faced by bisexual people in contemporary society and the challenges that can be presented by bisexual clients within a clinical setting Examining bisexuality through the lenses of Lacanian Winnicottian and Relational psychoanalytic theories the book outlines the ways in which the concept is at once both dated and yet still tremendously important It includes case studies to explore the issue of widespread countertransference responses in the clinical setting in addition to using both bisexual theory and empirical research on biphobia to comment on the social pressures facing bisexual men and women and the resultant psychological effects Bisexual identities and practices have become increasingly visible in recent years and this important book addresses the lack of critical reckoning with the topic within the psychoanalytic community It will be of great interest to practicing psychoanalysts and psychotherapists as well as to researchers across the fields of psychoanalysis and gender and sexuality studies *Jungian Psychoanalysis* Mark Winborn, 2023-08-31 Jungian Psychoanalysis A Contemporary Introduction provides a concise overview of analytical psychology as developed by Carl Jung Mark Winborn offers a succinct introduction to the key elements of Jung's conceptual model and method as well as an outline of the major transitions critiques and debates that have emerged in the evolution of analytical psychology Similarities and differences between analytical psychology and other psychoanalytic orientations are also identified This approach allows those who already have familiarity with the Jungian model to expand their understanding while also providing an accessible map of the field to those with limited exposure to these concepts Psychoanalysts therapists students and instructors of all levels of experience will benefit from this unique introduction to the Jungian model of psychoanalysis *Sexual Boundary Trouble in Psychoanalysis* Charles Levin, 2020-10-05 Inspired by the clinical and ethical contributions of Muriel Dimen 1942-2016 a prominent feminist anthropologist and relational psychoanalyst Sexual Boundary Trouble in Psychoanalysis challenges the established psychoanalytic and mental health consensus about the sources and appropriate management of sexual boundary violations SBVs Gathering contributions from an exciting range of analysts working at the cutting edge of the field this book shatters normative professional guidelines by focusing on the complicity and hypocrisy of professional groups while at the same time raising for the first time the taboo subject of the ordinary practicing clinician's unconscious professional ambivalence and potentially rogue sexual subjectivity Sexual Boundary Trouble in Psychoanalysis uncovers the roots of SBV in the institutional origins and history of psychoanalysis as a profession Exploring Dimen's concept of the psychoanalytic primal crime which is in some ways constitutive of the profession and the inherently unstable nature of interpersonal and professional boundaries Sexual Boundary Trouble in Psychoanalysis breaks new ground in the continuing struggle of psychoanalysis to reconcile itself with its liminal social status and morally ambiguous practice It will appeal to all psychoanalysts and psychoanalytic psychotherapists **Theories and Practices of Psychoanalysis in Central Europe** Agnieszka Sobolewska, 2023-10-13

Theories and Practices of Psychoanalysis in Central Europe explores the close relationship between psychoanalysis psycho medical discourses literature and the visual arts of the late 1800s and early 1900s in Central Europe Agnieszka Sobolewska addresses the issue of theories and practices of psychoanalysis in Central Europe and the need to undertake interdisciplinary reflection on the specificity of psychoanalytic literary genres and fin de si cle psycho medical discourses With a focus on the circulation of Freudianism in the territories of present day Austria Hungary the Czech Republic Poland and Germany the book considers the creative transformations that psychoanalytic thought underwent in these countries and reflects on the specificity of psychoanalytic literary genres and the pivotal role of lifewriting genres in the psychoanalytic movement Sobolewska s work both fills a visible gap in research on the history of psychoanalysis in Central Europe before the outbreak of World War II and offers the first insightful analysis of the role of life writing in the development of psychoanalytic thought Theories and Practices of Psychoanalysis in Central Europe will be of great interest to psychoanalysts in practice and in training as well as scholars of the history of psychoanalysis the history of psychology literature cultural anthropology and modernism

Lacan and Psychoanalytic Obsolescence Jean-Michel Rabaté, 2024-09-23 This book explores the importance of Lacan s role as an irritant within psychoanalysis and how Freud and Lacan saw that as key to ensuring that psychoanalysis remained fresh and vital rather than becoming obsolescent Drawing on Freud s thinking as well as Lacan s Rabaté examines how Lacan s unwillingness to allow psychoanalytic thinking to become stale or pigeonholed into one part of life was key in his thinking By constantly returning to psychoanalytic ideas in new and evolving ways Lacan kept psychoanalysis moving and changing much as Socrates did for philosophical thinking in classical Athens This gadfly or irritant role gave him free reign to explore all aspects of psychoanalytic thinking and treatment and how it can permeate all aspects of life both in the consulting room and beyond Drawing on a deep understanding of Lacan s work as well as Freud s this book is key reading for all those seeking to understand why Lacan s work remains so important and so challenging for contemporary psychoanalysis

Radical Psychoanalysis Barnaby B. Barratt, 2016-05-20 2020 American Board Academy of Psychoanalysis ABAPsa book award winner Only by the method of free association could Sigmund Freud have demonstrated how human consciousness is formed by the repression of thoughts and feelings that we consider dangerous Yet today most therapists ignore this truth about our psychic life This book offers a critique of the many brands of contemporary psychoanalysis and psychotherapy that have forgotten Freud s revolutionary discovery Barnaby B Barratt offers a fresh and compelling vision of the structure and function of the human psyche building on the pioneering work of theorists such as Andr Green and Jean Laplanche as well as contemporary deconstruction feminism and liberation philosophy He explores how drive or desire operates dynamically between our biological body and our mental representations of ourselves of others and of the world we inhabit This dynamic vision not only demonstrates how the only authentic freedom from our internal imprisonments comes through free associative praxis it also shows the extent to which other models of psychoanalysis such as ego psychology object relations

self psychology and interpersonal relations tend to stray disastrously from Freud's original and revolutionary insights. This is a vision that understands the central issues that imprison our psychic lives: the way in which the reflections of consciousness are based on the repression of our innermost desires; the way in which our erotic vitality is so often repudiated; and the way in which our socialization oppressively stifles our human spirit. Radical Psychoanalysis restores to the discipline of psychoanalysis the revolutionary impetus that has so often been lost. It will be essential reading for psychoanalysts, psychoanalytic psychotherapists, mental health practitioners and students and academics with an interest in the history of psychoanalysis.

Living Moments Stephen Bloch, Loray Daws, 2018-05-15

Michael Eigen is widely regarded as a significant and increasingly influential figure in contemporary psychoanalysis. This collection of papers by contributors in the USA, Israel, Australia and South Africa reveals how his works yield creative and generative possibilities with profound clinical and cultural implications. Writers include well-known authors such as Mark Epstein, Anthony Molino and Brent Potter. The papers are divided into three sections: Reflections, psychoanalytic and philosophical concerns such as Heidegger, the Hindu Goddess Kali, Buddhism, the sense of Time, Refractions, clinical implications, papers on murder and aliveness, the nature of the analytic interaction, addiction and work with the mother/infant relationship, and Responses, personal impacts of his works as well as poetry and the thoughts of a creative writer on Eigen's oeuvre. There are also papers on the experience of supervision with Michael Eigen as well as on his weekly seminars on Bion, Winnicott and Lacan, ongoing for more than forty years in New York.

Psychoanalytic Perspectives on Conflict Christopher Christian, Morris Eagle, David L. Wolitzky, 2017-02-03

Since its inception and throughout its history, psychoanalysis has been defined as a psychology of conflict. Freud's tripartite structure of id, ego and superego, and then modern conflict theory, placed conflict at the center of mental life and its understanding at the heart of therapeutic action. As psychoanalysis has developed into the various schools of thought, the understanding of the importance of mental conflict has broadened and changed. In *Psychoanalytic Perspectives on Conflict*, a highly distinguished group of authors outline the main contemporary theoretical understandings of the role of conflict in psychoanalysis and what this can teach us for everyday psychoanalytic practice. The book fills a gap in psychoanalytic thinking as to the essence of conflict and therapeutic action at a time when many theorists are re-conceptualizing conflict in relation to aspects of mental life as an essential component across theories. *Psychoanalytic Perspectives on Conflict* will be of interest to psychologists, psychoanalysts, social workers and other students and professionals involved in the study and practice of psychoanalysis, psychotherapy, cognitive science and neuroscience.

Eventually, you will unconditionally discover a supplementary experience and attainment by spending more cash. still when? accomplish you give a positive response that you require to get those all needs behind having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to comprehend even more more or less the globe, experience, some places, considering history, amusement, and a lot more?
